Brief Description of Program:

This program is designed to enhance the quality and completeness of the nation’s criminal history record systems; to provide financial and technical assistance to States for the establishment or improvement of computerized criminal history record systems and in their efforts to collect data on stalking and domestic violence; to improve data accessibility and support data transmissions to the national system which will permit the immediate identification of persons who are prohibited from purchasing firearms, are subject to domestic violence protective orders, or are ineligible to hold positions of responsibility involving children, the elderly, or the disabled; to support the development of accurate and complete State sex offender identification and registration systems which interface with the FBI’s Sex Offender Registry and meet applicable Federal and State requirements; to develop and improve the processes for identifying, classifying, collecting, and entering data regarding stalking and domestic violence into local, State, and national crime information databases; and to ensure that criminal justice systems are designed, implemented, or upgraded to be Year-2000, NICS, IAFIS, and applicable statewide or regional criminal justice information sharing standards and plans.
