Notes to the Schedule of Expenditures of Federal and State Financial Awards:

Note 1: Basis of Presentation

The accompanying schedule of expenditures of federal and State awards (SEFSA) includes the federal and State grant activity of the Carolina County under the programs of the federal government and the State of North Carolina for the year ended June 30, 2022. The information in this SEFSA is presented in accordance with the requirements of Title 2 US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the State Single Audit Implementation Act. Because the Schedule presents only a selected portion of the operations of Carolina County, it is not intended to and does not present the financial position, changes in net position or cash flows of Carolina County.

Note 2: Summary of Significant Accounting Policies

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Note 3: Indirect Cost Rate

Carolina County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

Note 4: Loans Outstanding

Carolina County had the following loan balances outstanding at June 30, 2022 for loans that the grantor/pass-through grantor has still imposed continuing compliance requirements. Loans outstanding at the beginning of the year and loans made during the year are included in the SEFSA. The balance of loans outstanding at June 30, 2021 consist of:

		Pass-through	
	Assistance 1	Grantor's	Amount
Program Title	Listing No.	Number	Outstanding
Water and Waste Disposal Systems for Rural Communities	10.760		\$ 1,100,000
Capitalization Grants For Drinking Water State Revolving Funds	66.468	1.00	\$ 925,237
		E-SRP-W-2017-	
Connect NC Bond		4W02-536704	\$ 1,010,000

Note 5: Cluster of Programs

The following are clustered by the NC Department of Health and Human Services and are treated separately for state audit requirement purposes: Foster Care and Adoption

Note 6: Benefit Payments Issued by the State

The amounts listed below were paid directly to individual recipients by the State from federal and State moneys. County personnel are involved with certain functions, primarily eligibility determinations that cause benefit payments to be issued by the State. These amounts disclose this additional aid to County recipients that do not appear in the basic financial statements because they are not revenues and expenditures of the County.

SFY 2022 audit confirmation reports for payments made to Counties, Local Management Entities (LMEs), Managed Care Organizations (MCOs), Boards of Education, Councils of Government, District Health Departments and DHSR Grant Subrecipients will be available by mid-October at the following web address: https://www.ncdhhs.gov/about/administrativeoffices/office-controller/audit-confirmation-reports At this site, click on the link entitled "Audit Confirmation Reports (State Fiscal Year 2021-2022). Additionally, audit confirmation reports for Nongovernmental entities receiving financial assistance from DHHS are found at the same website except select "Non-Governmental Audit Confirmation Reports (State Fiscal Years 2020-22).

The auditor should not consider the Supplement to be "safe harbor" for identifying audit procedures to apply in a particular engagement, but the auditor should be prepared to justify departures from the suggested procedures. The auditor can consider the supplement a "safe harbor" for identification of compliance requirements to be tested if the auditor performs reasonable procedures to ensure that the requirements in the Supplement are current.

The grantor agency may elect to review audit working papers to determine that audit tests are adequate.

Auditors may request documentation of monitoring visits by the State Agencies.

This compliance supplement must be used in conjunction with the OMB 2022 Compliance Supplement which will be issued in the summer. This includes "Part 3 - Compliance Requirements," for the types that apply, "Part 6 - Internal Control," and "Part 4 - Agency Program" requirements if the Agency issued guidance for a specific program. The OMB Compliance Supplement is Section A of the State Compliance Supplement.

I. PROGRAM OBJECTIVES

The objectives of the Child Support Program (CS, or Title IV-D) are to: (1) locate non-custodial parents, (2) establish paternity, (3) obtain child, spousal and medical support, (4) distribute support payments, and (5) enforce the support obligations owed by non-custodial parents for their children.

II. PROGRAM PROCEDURES

Administration and Services

The Child Support Program is administered at the Federal level by the Office of Child Support Enforcement (OCSE), Administration for Children and Families (ACF), a component of the Department of Health and Human Services (HHS). Funding is provided to the 50 States, the District of Columbia, Puerto Rico, the Virgin Islands and Guam, based on a State Plan and amendments, as required by changes in statutes, rules, regulations, interpretations, and court decisions, submitted to and approved by OCSE.

In 1975, Federal law required that all states establish programs to aid in the establishment and collection of child support to ensure that both parents support their children. North Carolina established a program that is State administered. All local child support offices are county operated (often located in county Departments of Social Services). All counties adhere to identical program operations and use the same automated system mandated by OCSE. North Carolina Child Support Services offers assistance in the areas of location of non-custodial parents, paternity establishment, establishment of support obligations, collection and distribution of support, and enforcement of support obligations. Some methods of enforcing support obligations are through wage withholding, contempt orders, placing liens on assets, or tax intercept of federal and State refunds. A description of federal requirements and any State requirements are communicated to counties through the child support manual in the child support computer system, ACTS (Automated Collection and Tracking System).

The child support program is an open-ended entitlement program that allows the State to be funded at a specified percentage, Federal financial participation (FFP), for eligible program costs. Federal financial participation is 66 percent of the administrative costs incurred by the State pursuant to an approved Title IV-D State Plan, available on a reimbursement basis. This includes costs incurred by certain court and law enforcement officials pursuant to cooperative agreements with the IV-D agency. Incentive payments are made to states from the Federal Office of Child Support Enforcement based on performance.

Services are available to anyone who is responsible for a child, regardless of income. Families who receive Temporary Assistance for Needy Families (TANF) are automatically referred to the local child support enforcement office. Families not on public assistance may apply for services by completing an "Application for Child Support Services" (DSS-4451)

and paying an application fee at a local child support agency. (42 CFR 433.146, 45 CFR 302.32(a), and 302.33(a), 42 USC 608(a) ((3). Eligibility criteria is located in the Policy and Procedures Manual in ACTS which can be accessed at the State Central Office, any local IV-D office, or on the web at: https://policies.ncdhhs.gov/divisional/social-services/child-support/policy-manual

State child support agencies are required to conduct self-reviews of their programs per 42 USC 654. (15) and 45 CFR part 308 on an annual basis. These self-assessments are based on data and calculations extracted from their automated child support systems concerning the levels of accomplishment (and rates of improvement) with respect to applicable performance indicators (including paternity and establishment percentages). Additionally, the State performs monitoring activities based on criteria in the State monitoring plan. See link to monitoring plan at: https://www.ncdhhs.gov/divisions/social-services/county-staff-information/monitoring

Source of Governing Requirements

Code of Federal Regulations (CFR) found at: http://www.gpo.gov/fdsys/browse/collectionCfr.action?collectionCode=CFR

United States Code (USC) accessible at: http://www.law.cornell.edu/uscode/text/42/654.

States are required to adopt and adhere to their own statutes and regulations for program implementation, consistent with the requirements of Title IV-D.

The Child Support Services Program is authorized under Title IV-D of the Social Security Act, as amended, and is codified at 42 USC 651 through 669. Implementing program regulations are published at 45 CFR parts 301 through 308. In addition, with regard to eligibility and other provisions, this program is closely related to programs authorized under other titles of the Social Security Act, including the Temporary Assistance to Needy Families (TANF) program (CFDA 93.558), the Medicaid program (CFDA 93.778), and the Foster Care (Title IV-E) program (CFDA 93.658).

The Child Support Services Program is subject to 45 CFR part 74 (in lieu of the HHS implementation of the A-102 Common Rule), as specified in 45 CFR section 74.1(a)(3), and to Office of Management and Budget with 2 CFR §200.400 - 476 of the Uniform Guidance, Subpart E, and Indirect Cost Rates for Agreements with the Federal Government", HHS Publication ASMB C-10, available on the Internet at https://rates.psc.gov. This program is also subject to 45 CFR part 95.

III. COMPLIANCE REQUIREMENTS

Noted below in the following matrix are the types of compliance requirements that are applicable to the federal program. These Types are determined by the federal agency, noted as "Y," on the "Matrix of Compliance Requirements" located in Part 2 of the OMB 2022 Compliance Supplement; however, the State Agency may have added the Type and this is noted by "Y." If the State determines that the federal requirement does not apply at the local level or if the State modifies the federal requirements, this is noted in the supplement under the type of compliance requirement. If the federal and/or State agencies have determined that the type is not applicable, it is noted by "N."

If the Matrix indicates "Y," the auditor must determine if a particular type of compliance requirement has a direct and material effect on the federal program for the auditee. For each such compliance requirement subject to the audit, the auditor must use the OMB 2021 Compliance Supplement, Part 3 (which includes generic details about each compliance requirement other than Special Tests and Provisions) and Part 4 (which includes any program-specific requirements) to perform the audit.

If there is no program listed on the "Matrix" in Part 2 or Part 4, the State has determined the Type that is applicable. If a Type is determined to be direct and material, the auditor should refer to the requirements found in Part 3 and listed in this supplement.

Activities Allowed or Unallowed Allowable Costs/Cost Principles Cash Management Equipment/ Real Property Management Matching, Level of Effort, Earmarking Procurement Suspension & Debarment Program Income Reporting Reporting Subrecipient Monitoring Subrecipient Monitoring Special Tests and Provisions Z

CROSSCUTTING REQUIREMENTS

The compliance requirements in the Division of Social Services "Crosscutting Requirements" in Section D (DSS-0) are applicable to this grant.

ACTIVITIES ALLOWED OR UNALLOWED

Allowed activities are found in 45 CFR 304.20, 304.21, 304.22, and 304.24, as well as 45 CFR 302.34, and 302.35. Allowed expenditures are included for enforcement services, locations, establishment of paternity and support, administration of the local child support programs, establishment of agreements with other state and local agencies and private providers, purchase of equipment, and development of a cost allocation plan and systems which are necessary for fiscal program accountability. Unallowed activities are found in 45 CFR 303.20, 303.31, and 303.107, as well as 45 CFR 304.20, 304.21, 304.23 and 309.155. Unallowed activities include but are not limited to, construction and major renovations, expenditures which have been reimbursed by fees collected, medical support enforcement activities performed under cooperative agreements in accordance with section 1912(a) (2) of the ACT, expenditures for jailing of parents in child support enforcement cases, costs of counsel for indigent defendants in IV-D actions, and costs of guardians ad litem in IV-D actions.

B. ALLOWABLE COSTS/COST PRINCIPLES

In support of its claims under Title IV-D of the Social Security Act, a local agency must have an approved cost allocation plan on file with the Department of Health and Human Services. (45 CFR 304.10-22)

Costs not allowed include construction and major renovations, costs of counsel for indigent defendants in IV-D actions, and cost of guardian's ad litem in IV-D actions. (45CFR 304.23)

Determination of allowable or unallowable activities (cost) and the monthly reporting of cost are found in the DSS Fiscal Manual, Section II - Determination of Allowable/Unallowable Cost, and Section III - Developing Cost on the DSS-1571 Report.

NC DSS Fiscal Manual can be found in each local DSS office, CSS office, or online at: https://policies.ncdhhs.gov/departmental/policies-manuals/section-ii-budget-andfinance/manuals/dss-fiscal-manual

All grantees that expend State funds (including federal funds passed through the N. C. Department of Health and Human Services) are required to comply with the cost principles described in the N. C. Administrative Code at 09 NCAC 03M .0201.

CASH MANAGEMENT

Although local offices operate on a reimbursement basis, Federal IV-D Incentive funds are passed through to local political subdivision of the State. Any Incentive funds unexpended at the end of the Fiscal Year, must be carried forward by the local political subdivision for future reinvestment in the local IV-D program.

Audit Objective: Determine reinvestment of Incentive Funds

Suggested Audit Procedure: Determine the total amount of Federal IV-D Incentives awarded to the local agency from the spreadsheet posted by the NC DSS at: https://files.nc.gov/ncdhhs/documents/files/dss/budget/IV-D-Incentives-Awarded-SFY21.xls. Reconcile IV-D Incentive expenditures to the IV-D Incentive revenues and verify any un-spent funds have been carried forward and are available for future reinvestment in the IV-D Program.

MATCHING, LEVEL OF EFFORT, EARMARKING G.

Matching: The county is required to pay 34% of the administrative costs. The costs are 66% federal and 34% per 42 USC 655(a) (2) (C), and 45 CFR 304.20(c) and 304.30.

Level of Effort: Federal Incentive grant awards received by the State are passed through to local political subdivisions of the State, which provide child support program services. These funds must be reinvested in the child support program. These funds must be used to supplement, not supplant, other funds used by the State or its local political subdivisions to carry out IV-D program activities.

Earmarking: 100% of Incentive grant funds passed through to the local agency just must be spent per the rules of reinvestment found in 45 CFR 305.35, or on line in Action Transmittal AT-01-01, page 64: https://www.acf.hhs.gov/css/policy-guidance/final-rule-incentives-penalties-and-audit

Copies of base amounts and reporting procedures will be found in each County DSS Agency, Stand-Alone Child Support Enforcement office, as well as the State's central office.

H. PERIOD OF PERFORMANCE

- 1. State programs This program operates on a cash accounting basis and each year's funding and accounting is discrete; i.e., there is no carry-forward of unobligated funds (with the exception of incentive payments). To be eligible for Federal funding, claims must be submitted to ACF within two years after the calendar quarter in which the State made the expenditure. This limitation does not apply to any claim for an adjustment to prior year costs or resulting from a court-ordered retroactive adjustment (45 CFR sections 95.7, 95.13, and 95.19).
- 2. Tribal programs A tribe or tribal organization must obligate its Federal title IV-D grant funds no later than the last day of the funding period (equivalent to the Federal fiscal year) for which they were awarded (obligation period) or the funds must be returned to ACF. Unless an extension is granted by ACF, valid obligations must be liquidated no later than the last day of the 12-month period immediately following the obligation period or the funds must be returned to ACF (45 CFR sections 309.135(b), (c), and (e)).

I. PROCUREMENT AND SUSPENSION AND DEBARMENT

Per compliance supplement the State's policies or laws should be used for procurement, these are found in North Carolina General Statutes Chapter 143 Article 8 or at the following internet address: http://www.ncleg.net/gascripts/statutes/Statutes.asp.

All grantees that expend federal funds (received either directly from a federal agency or passed through the N. C. Department of Health and Human Services) are required to conform with federal agency codifications of the grants management common rule accessible on the Internet at http://www.whitehouse.gov/omb/.

All grantees that expend state funds (including federal funds passed through the N. C. Department of Health and Human Services) are required to comply with the procurement standards described in the North Carolina General Statutes and the North Carolina Administrative Code, which are identified in the State of North Carolina Agency Purchasing Manual accessible on the Internet at

http://www.pandc.nc.gov/documents/Procurement Manual 5 8 2013 interactive.pdf.

PROGRAM INCOME

Program income is derived from fees for services performed and must be deducted from program outlays in accordance with 2 CFR §200.307(e) of the Uniform Guidance. The Deficit Reduction Act (DRA) of 2005, Public Law 109-171, Section 7310 requires a

mandatory annual fee for successful child support collection for a family that has never received TANF. Paternity Test fees may also be collected. These fees are specifically reported on the DSS-1571. Program Income generated by contracted services performed or provided by the agency is credited against allowable CSE expenditures in developing costs submitted on the monthly 1571 report.

Instructions for preparing the form are found in Section III: Developing Cost on the DSS-1571 Report, also reference Section III-D Title IV-D Child Support Enforcement Program. The DSS Fiscal Manual can be found in each local DSS Office, child support office, or on line at https://policies.ncdhhs.gov/divisional/social-services/child-support/policy-manual

Audit Objective: Determine program income collected is reflected on the monthly 1571 report.

Suggested Audit Procedure: Sample receipts, revenue lines and contracts to determine Program Income and verify that it is reported as a specific revenue or is applied as an offset against program expenditures in the development of costs submitted for Federal Financial Participation on the monthly 1571 report.

SUBRECIPIENT MONITORING

Subrecipients are monitored by the DSS Child Support staff and DSS Budget Office in accordance to the NC Local County Social Service Agencies Monitoring Plan, found at: NC Local County Social Service Agencies Monitoring Plan

An additional State compliance requirement passed to the subrecipient is incentive grant awards that are to be reinvested in the child support program. Pursuant to the Deficit Reduction Act of 2005 (DRA) effective October 1, 2007, incentive funds may not be used to obtain federal matching funds.

https://www.acf.hhs.gov/archive/css/policy-guidance/revisions-expenditure-reporting-instructions-fy-2009-and-2010

If the Matrix indicates "Y," the auditor must determine if a particular type of compliance requirement has a direct and material effect on the federal program for the auditee. For each such compliance requirement subject to the audit, the auditor must use the OMB 2021 Compliance Supplement, Part 3 (which includes generic details about each compliance requirement other than Special Tests and Provisions) and Part 4 (which includes any program-specific requirements) to perform the audit.

If there is no program listed on the "Matrix" in Part 2 or Part 4, the State has determined the Type that is applicable. If a Type is determined to be direct and material, the auditor should refer to the requirements found in Part 3 and listed in this supplement.

Address Confirmation Letters To:

SFY 2022 audit confirmation reports for payments made to Counties, Local Management Entities (LMEs), Managed Care Organizations (MCOs), Boards of Education, Councils of Government, District Health Departments and DHSR Grant Subrecipients will be available by mid-October at the following web address: https://www.ncdhhs.gov/about/administr ative-offices/office-controller/audit-confirmationreports At this site, click on the link entitled "Audit Confirmation Reports (State Fiscal Year 2021-2022). Additionally, audit confirmation reports for Nongovernmental entities receiving financial assistance from DHHS are found at the same website except select "Non-Governmental Audit Confirmation Reports (State Fiscal Years 2020-2022)

The auditor should not consider the Supplement to be "safe harbor" for identifying audit procedures to apply in a particular engagement, but the auditor should be prepared to justify departures from the suggested procedures. The auditor can consider the supplement a "safe harbor" for identification of compliance requirements to be tested if the auditor performs reasonable procedures to ensure that the requirements in the Supplement are current.

The grantor agency may elect to review audit working papers to determine that audit tests are adequate.

Auditors may request documentation of monitoring visits by the State Agencies.

PROGRAM OBJECTIVES I.

The State Maternity Home Fund provides payment for up to 183 days of residential care services. The care and related services are for adolescents and women who are NC residents and who are experiencing an unplanned pregnancy, regardless of age or marital status, and who are unable to remain in their own home during pre-natal periods, and whose financial resources have been determined by a social worker to be inadequate to meet the residential costs or costs of an approved living arrangement.

II. PROGRAM PROCEDURES

A State Maternity Home Fund application, form DSS-6187, for an individual needing out-of-home care during pregnancy must be submitted by a Local Department of Social Services or a licensed private Adoption Agency to the Division of Social Services for review and approval. The program manual detailing the application process, eligibility, and required forms is available on line at: https://policies.ncdhhs.gov/divisional/social-services/child-welfare/policy-manuals/appendix 4.

When an application is approved, the Division notifies the submitting agency and the licensed maternity home that payment for care is authorized. The Division of Social Services pays a per diem amount to licensed maternity homes based on bed capacity and the allowable audited expenditures as determined by the DHHS Office of the Controller. Payment for care in a family home setting or an approved boarding arrangement is processed at the standard board rate established for youth in foster care. Payments for authorized services are submitted for reimbursement monthly. This program is monitored based on the DSS Monitoring Plan located at: https://www.ncdhhs.gov/divisions/social-services/county-staff-information/monitoring The Division of Social Services processes applications for State Maternity Home Funds based on the date application is received. Funds are allocated on behalf of eligible individuals until funds are exhausted each fiscal year.

III. COMPLIANCE REQUIREMENTS

Noted below in the following matrix are the types of compliance requirements that are applicable to the federal program. These Types are determined by the State agency noted by "Y."

If the Matrix indicates "Y," the auditor must determine if a particular type of compliance requirement has a direct and material effect on the State program for the auditee.

1	2	3	4	5	6	7	8	9	10	12	13	14	
Activities Allowed or Unallowed	Allowable Costs/Cost Principles	Cash Management	Conflict of Interest	Eligibility	Equipment/ Real Property Management	Matching, Level of Effort, Earmarking	Period Of Performance	Procurement Suspension & Debarment	Program Income	Reporting	Subrecipient Monitoring	Special Tests and Provisions	
Υ	Υ	N	N	Υ	N	Y	Ν	N	Ν	Y	N	N	

Activities Allowed or Unallowed

The State Maternity Home Fund cannot be used for hospitalization and delivery services or other medical services received outside the auspices of a licensed maternity home or approved alternative living arrangement. All funding is

2

distributed by the state directly to provider for client services. The State Maternity Home Fund does not allow the purchase of equipment or real property.

Living arrangements for which State Maternity Home Funds may be used include: (a) a maternity home licensed in North Carolina; (b) a foster family home for children, licensed in North Carolina; (c) the home of a non-legally responsible relative in North Carolina; or (d) for individuals age 18 and over, a boarding arrangement in North Carolina.

Local Agencies are required to complete the service plan, verify client eligibility, confirm any available resources and complete the DSS-6187 State Maternity application. In addition, case workers are required to conduct status checks during the client's approved stay in the requested living arrangement.

Compliance Requirement

Determine if agency has verified information provided by client, including but not limited to, US citizenship, North Carolina residency, expected delivery date, documentation of all client income, etc. In addition, confirm case worker visitation (typically once per month) with client during approved period for State Maternity funding.

Audit Objective

To assure proper documentation is maintained for data submitted to the state request approval of funding (via the DSS-6187 Application for State Maternity Funds).

To assure proper document is maintained for an alternative living arrangement, if requested.

Suggested Audit Procedure

Review documentation in client file and confirm documents support information reported on the submitted application.

Allowable Costs/Cost Principles

Maternity Home fund payment is to supplement any other funds available from County Departments of Social Services, other governmental agencies, families or private agencies.

Maternity Home Fund reimbursement for residential costs for clients approved by the Division of Social Services is based on the type of facility or living arrangement in which the placement is made.

- Payment to licensed maternity homes is based on the actual per diem cost of care; as established by the DHHS Controller's Office. Annual rate of pay letters are distributed to the qualifying provider by the DHHS Controller's Office, Rate Setting Branch.
- 2. Payment for care in a family foster home will be processed at the standard board rate established for youth in foster care.

 Payment of care costs in the home of a non-legally responsible relative or in a boarding arrangement will be processed at the standard board rate established for youth in foster care. Boarding home arrangements must be jointly approved by the agency requesting funds and the Division of Social Services.

All grantees that expend State funds (including federal funds passed through the N. C. Department of Health and Human Services) are required to comply with the cost principles described in the N. C. Administrative Code at 09 NCAC 03M .0201.

It should be noted that funding is contingent upon State Budget approval and the source can change between budget years.

Compliance Requirement

Determine if agency has verified information provided by client, including expected delivery date, identification of alternative support or family members. Confirm ongoing support of client during approved period for State Maternity funding.

Audit Objective

To assure clients requesting assistance are eligible for services and proper document is maintained.

Suggested Audit Procedure

Review documentation in client file and confirm documents support information reported on the submitted application and ongoing services to the client, when approved.

Eligibility

The State Maternity Home Fund is a resource for any North Carolina resident experiencing an unplanned pregnancy, regardless of age or marital status, who is unable to remain in her own home during the pre-natal period and whose financial resources have been determined to be inadequate to meet residential costs in an approved living arrangement. Program requirements indicate the client must be a citizen of the United States to receive funding.

Compliance Requirement

Determine if agency has verified all information for citizenship, North Carolina residency, and income.

Audit Objective

To assure information submitted to the state is accurate and complete.

Suggested Audit Procedure

Review documentation in client file and confirm documents support information reported on the submitted application.

Matching, Level of Effort, Earmarking

Matching

If employed, at least 1/4 of the applicant's income is expected to go toward the placement. If she receives SSI, child support, or parental death benefits, it is expected that most of the support income will go toward the placement, with a small portion allowed for personal incidentals. This is either an amount established by Social Security or approximately 5% of the benefit. All client payments are made directly to the home or facility providing services.

Level of Effort and Earmarking does not apply.

Compliance Requirement

Determine if agency has verified all applicable income or support the client receives.

Audit Objective

To assure available resources are applied before State Maternity Funding is issued.

Suggested Audit Procedure

Review documentation in client file and confirm documents support information reported on the submitted application.

12. Reporting

The State Maternity Fund Coordinator issues a preliminary monthly statement to Service Providers, detailing approved placement information for clients receiving services. The Provider reviews the preliminary statement, determines the need for any changes or input of client discharge data and updates the statement to reflect correct enrollment information. After the review and any applicable changes, the Provider certifies services provided by signing and dating the statement. The completed statement is forwarded to the State Maternity Fund Coordinator for final approval. After review, the Coordinator signs and approves the payment and forwards the statement to the DHHS Controller's office for processing of payment directly to the service provider.

Case workers are required to maintain contact with the client and notify the SMF Coordinator if there are any changes or the client discharges from the program. Case workers are provided an Approval / Action Notice (DSS-6189) that includes a survey for reporting discharges. This document should be completed timely when the client discharges and submitted to the SMF Coordinator.

Compliance Requirement

Determine if agency provided timely notification of changes or discharges.

Audit Objective

To assure accurate information is provided to the state office.

Suggested Audit Procedure

Review documentation in client file and confirm information is reported appropriately for client's status and discharge.

STATE ADULT HOME SPECIALIST FUND

State Authorization: General Assembly Session Law 1999-334

N. C. Department of Health and Human Services
Division of Aging and Adult Services

Agency Contact Person – Program Sarah Smith	Agency Contact Person – Financial
Adult Services Program Administrator 919-855-3401	Helen Tack Interim Budget Officer (919) 855-3400

Brief Description of Program:

Give a brief description of program including allowable activities:

The State Adult Home Specialist Fund was established by the General Assembly during the 1999 Session. Originally \$1,400,000 in State funds was identified for the Fund and allocations were made to county departments of social services where adult care home beds are located. County allocations are based on the number of adult care homes in each county as a proportion of the total number of homes statewide. These funds are intended to allow county departments of social services to increase the amount of time spent monitoring adult care homes in their county to assure compliance with licensure regulations. The federal financial participation rate (FFP) is 50% federal, 25% State, and 25% county. The total amount of State funds available to counties is \$875,000.

These funds may be used to create new adult home specialist positions in a county department of social services or to increase the full-time equivalency of an existing adult home specialist position. The Fund may also be used to upgrade and pay for salary increases to adult home specialist positions re-classified from Social Worker II to Social Worker III.
