

Certification For Submitting Short-Form Supplement for Fiscal Year 2024
Federal Programs

I certify that the program _____
has been reviewed and the standard compliance supplement is unnecessary
because we subgranted/remitted less than \$187,500 to any one local government
or public authority or to any one nonprofit organization. Therefore, the standard
compliance supplement has not been completed for the aforementioned program
and instead the short-form supplement has been submitted.
