

August 10, 2017

Delivered by: Electronic and U.S. Mail

Delivered to: Governor Roy Cooper  
North Carolina General Assembly  
Joint Legislative Commission on Governmental Operations  
North Carolina Council of State  
Charles Perusse - Office of State Budget Management, State Budget Director  
Debbie Young - Office of State Budget Management, Executive Assistant to the State Budget Director  
Lisa Hollowell – North Carolina General Assembly - Fiscal Research

RE: Quarterly Investment Report for the Period Ended June 30, 2017

Dear Colleagues:

Attached is the Quarterly Investment Report for the state pension fund (Fund) for the period ending June 30, 2017. We continue to be intently focused on: reducing costs and complexity, increasing transparency and accountability, and building value across the divisions of the Department of State Treasurer.

The attached report provides detailed information I hope you will find valuable. However, I am aware of your time constraints, so I wanted to provide you with some “highlights” of the report that you may find helpful.

Specifically:

- Investment Performance – Fiscal Year Ending June 30, 2017

For the fiscal year ending June 30, 2017, the Fund earned 10.8 percent or almost \$10 billion. Public equity (stocks), which makes up almost 40 percent of the total fund, gained 19.0 percent. Private equity rose 9.7 percent, while Non-Core Real Estate and Opportunistic Fixed Income returned 11.2 percent and 11.5 percent respectively.

The Multi-Strategy Portfolio rose 13.2 percent for the 12-month period. Inflation-Sensitive and Core Real Estate investments also increased by 12.1 percent and 9.0 percent respectively. Finally, Investment-Grade Fixed Income returned a loss of 0.3 percent for the same period.

- Investment Performance – 2nd Quarter 2017

The Fund, comprised of the retirement plans the Department of State Treasurer manages, reported gains of 2.9 percent for the quarter. Pension fund assets were valued at \$94.1 billion, up from \$92.2 billion at the end of the first quarter of 2017. During the second quarter the Fund hit its all-time highest valuations. These figures, and all of the following performance figures, are reported net of all fees and expenses.

- Fee Reductions

I pledged to cut \$100 million in management fees by the end of my first term. We have greatly surpassed that target. To date, we have completed the process of cutting \$52 million with another \$10 million in progress. Once completed, cuts will equal \$62 million for this year with a \$248 million run-rate over four years. To reduce complexity and add value, numerous Fund investment managers and service provider contracts are in various stages of renegotiation and restructuring. In the future, I expect to report additional, material savings from these activities.

- AAA Bond Rating

In July, all three major national bond rating agencies re-affirmed North Carolina's "AAA" bond rating, all with stable outlooks. Each of the rating agencies commented on the state's diverse economic base, history of conservative fiscal management, and a commitment to strong reserves (Rainy Day Fund), as well as managing debt and pension liabilities.

- Bond Refinancing

In just the last 30 days, with the authorization of the Council of State, we have refinanced almost \$1 billion in general and limited obligation bonds and GARVEE bonds to take advantage of lower interest rates. Because of our "AAA" bond rating and the General Assembly's conservative fiscal policies, we were able to obtain very low interest rates for these sales thus reducing debt service costs for taxpayers by more than \$133 million.

Thank you all for your support of the Department of State Treasurer. It is because of the great work of this General Assembly, and others before it, that we have the latitude to make these needed changes. We will continue to look for opportunities to reduce complexity, while increasing value and transparency for North Carolinians.

Warmest Regards,

Dale R. Folwell, CPA  
North Carolina State Treasurer

## Outline

This quarterly report provides the information required under N.C.G.S. 147-69.12 and provides information on the overall performance of the State Treasurer's investment programs. The information in this report is as of June 30, 2017. This report addresses the following topics:

- I. Investment Performance
  - A. Market Environment Context
  - B. Retirement Systems
    - i. Total Fund (Investment Program) Performance
    - ii. Investment Policy Statement (IPS) Asset Class Performance
  - C. Cash Management Programs
    - i. Performance of Short-Term Investment Fund (STIF)
    - ii. Bank Balances
  - D. Other Investment Programs – Ancillary Governmental Participant Investment Programs
    - i. Bond Index Fund (BIF)
    - ii. Equity Index Fund (EIF)
    - iii. Escheat Fund
  - E. Other Investments with or on behalf of the State, its Agencies, or Institutions
    - i. Bond Proceeds Fund
- II. North Carolina Retirement System Financial Information
  - A. Introduction to Differences between the IPS and Statute
  - B. Concordance of IPS and N.C.G.S. § 147-69.2
  - C. Statutory Compliance – Statutory Asset Classes
  - D. Fees – Statutory Asset Classes
  - E. Green Managers and Funds
  - F. Locations on Website

Additionally, there are explanatory tables, financial data, and other information included as appendices to this report:

### Appendix 1: Financial Information

- A. Department of State Treasurer Bank Balances
- B. Combined Statement of Net Positions (Fiscal Year to Date)

### Appendix 2: References

- A. Implementation vs. Long-Term Policy Benchmark
- B. Other Benchmark Definitions
- C. Definitions and Rules as required by N.C.G.S. § 147-69.12(e)

# Quarterly Investment Report for the Period ending June 30, 2017

## I. Investment Performance [147-69.12(a)(6)(g)]

### A. Market Environment Context

For the quarter ended June 30, 2017, Gross Domestic Product (GDP) adjusted for inflation and seasonality increased at a rate of 2.6%, which was slightly below expectations. The unemployment rate, however, decreased further to 4.4%. Consumer price inflation saw some moderated gains of 1.6% year over year, while core consumer price inflation (i.e., removing the volatile food and energy sectors), also slowed to 1.6% year over year. Strong corporate earnings growth supported US equity markets throughout the quarter. International equity markets (including emerging) fared even better than US markets, with European and Asian markets seeing some of the largest gains. The Euro and other major European currencies strengthened against the Dollar during the quarter, which further boosted those countries' returns in Dollar terms. Oil prices trended lower, ending the quarter at around \$46 (WTI). The US Federal Reserve continued its easing process on June 14, increasing their target short-term rate by 25 basis points to 1.00-1.25%, which sent short-term rates upward. Intermediate- to long-term US rates, however, moved downward on somewhat disappointing GDP growth and dampened inflation data, causing a slight flattening of the yield curve. Corporate bonds outperformed their government-related counterparts, with investment-grade corporate debt outperforming lower-rated securities.

### B. Retirement Systems [147-69.12(a)(5)(a,b)]

#### i. Total Fund (Investment Program) Performance for Periods Ending June 30, 2017 (%; Periods Greater than 1 Year are Annualized)

The assumed actuarial investment return of the plan is the discount rate used to calculate the total pension liability as measured in the annual actuarial valuation. For definitions of the Implementation Benchmark and the Long Term Policy Benchmarks, and a comparison of the two, please see Appendix 2, Part A.

## ii. IPS Asset Class Performance

	Market Value (\$000)	3 Month	1 Yr	3 Yr	5 Yr	10 Yr	15 Yr	20 Yr
<b>Growth</b>	<b>49,351,062</b>	<b>3.89</b>	<b>16.77</b>	<b>5.55</b>	<b>10.99</b>	<b>4.38</b>	<b>7.15</b>	<b>6.61</b>

For definitions of the Benchmarks please see the Appendix 2, Part B.

## C. Cash Management Programs

### i. Performance of STIF [147-69.12(a)(4)]

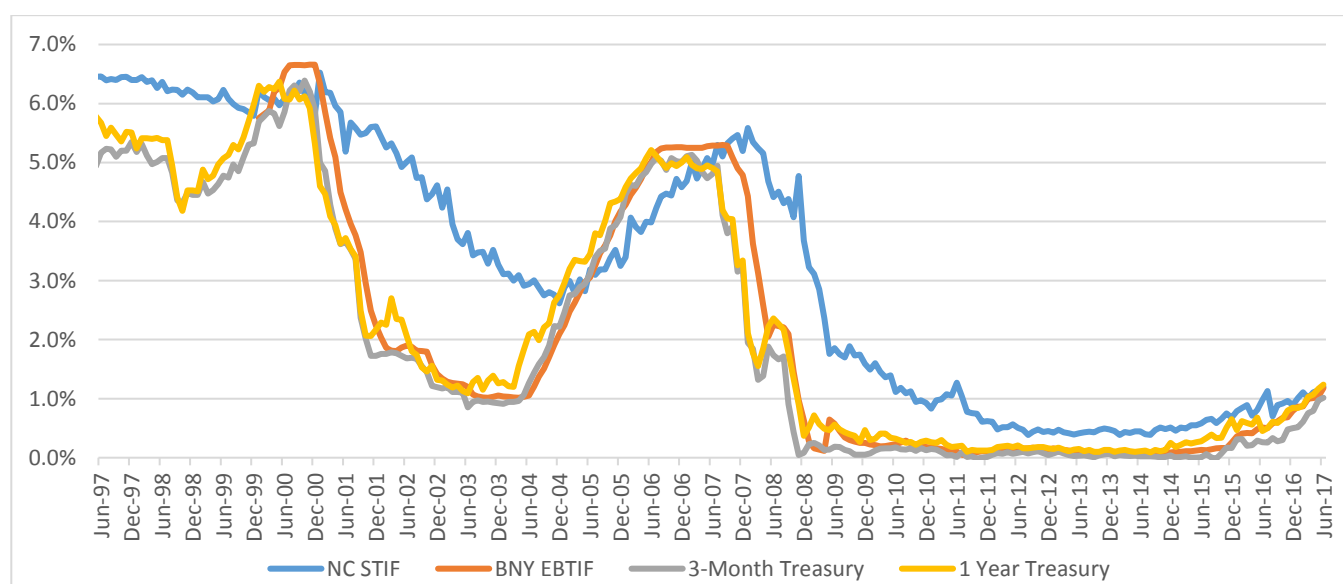

The STIF is responsible for managing the operating funds of the State. Investors include the State’s General Fund, Highway Trust Fund, certain Retirement Systems funds, and other investors. The STIF is also where any bank balances are held for the State; please see part C(ii) below for information about the quarter-end bank balances.

As of June 30, 2017, STIF had the following characteristics:

Total Assets	Duration	3-Month Return	Benchmark 3-Month Return	Crediting Rate	Fees
\$23.1 billion	1.05 years	0.29%	0.20%	1.20%	N/A

The benchmark for the cash management program as outlined in the “Department of State Treasurer Investment Management Division Investment Policy Statement for North Carolina Retirement Systems” is the iMoneyNet First Tier Institutional Money Market Funds Net Index.

For comparison purposes, the crediting rate of STIF is shown below, over time, versus the yields of other short-term benchmarks.

Note: BNY EBTIF is the Employee Benefit Temporary Investment Fund, a money market sweep vehicle.

### ii. Bank Balances [147-69.12(a)(3)]

The State’s total Bank Balance as of June 30, 2017 was \$166.5 million. For a list of each bank and other qualified depository utilized by the State Treasurer and the current quarter end cash balances, please see Appendix 1, Part A.

## D. Other Investment Programs - Ancillary Governmental Participant Investment Programs

Pursuant to N.C.G.S. 147-69.3, the Treasurer is responsible for one or more investment programs for the deposit and investment of assets pursuant to provisions of N.C.G.S. 147-69.1 and N.C.G.S. 147-69.2, the Ancillary Governmental Participant Investment Program (AGPI Program). The AGPI Program includes assets for, among others, the Escheat Fund, public hospitals, Local Government Other Post-Employment Benefits Trusts, Local Government Law Enforcement Special Separation Allowance Trusts, the North Carolina Conservation Grant Fund as well as entities such as the State Health Plan, the Disability Income Plan and the State Educational Assistance Authority. For a complete listing of the AGPI Program participants see the Ancillary Governmental Participant Investment Program statement in Appendix 1, Part B. While each of the AGPI Program participants has its particular investment authority as to how it may invest, all AGPI

Program participants are eligible for STIF as referenced in Part C(i) above. The following are other investment options maintained by the Treasurer for the AGPI Program.

**i. BIF [147-69.12(a)(6)]**

The BIF invests in high quality debt securities, under N.C.G.S. 147-69.2(b)(1)-(6). The BIF maintains a low cost approach to investing in investment grade fixed income assets through a passive index strategy. The BIF is designed to produce a return consistent with its Barclays U.S. Aggregate Bond Index benchmark.

As of June 30, 2017, BIF had the following characteristics:

Total Assets	Duration	3-Month Return	Benchmark 3-Month Return	Crediting Rate	Fees
\$1.6 billion	5.73 years	1.44%	1.45%	N/A	2.5 bps on first \$750 million; 2.0 thereafter

For a list of the entities invested in the BIF at quarter end please see the Ancillary Governmental Participant Investment Program statement in Appendix 1, Part B.

**ii. EIF [147-69.12(a)(6)]**

The EIF invests primarily in U.S. and non-U.S. equity securities eligible under N.C.G.S. 147-69.2 (b) (8) with the objective of closely approximating the capitalization weighted total return of the markets for global publicly traded equity securities while maintaining a low cost approach. The EIF is designed to produce a return consistent with its Morgan Stanley Capital International All Country World Index benchmark.

As of June 30, 2017, EIF had the following characteristics:

Total Assets	Duration	3-Month Return	Benchmark 3-Month Return	Crediting Rate	Fees
\$411.8 million	N/A	4.35%	4.27%	N/A	2.0 bps

For a list of the entities invested in the EIF at quarter end please see the Ancillary Governmental Participant Investment Programs statement in Appendix 1, Part B.

**iii. Escheat Fund [147-69.12(a)(6), 147-69.2A(b)]**

As of June 30, 2017, the Escheat Investment Fund had \$582.9 million in total assets. \$420.1 million of this was invested in STIF and \$120.9 million was invested in BIF.

Pursuant to G.S. 147-69.2(b)(12), up to 20% of the Escheat Fund's assets may be invested in authorized Public Equity, Real Estate, and Alternative Investments. For the quarter ending June 30, 2017, the Escheat Fund held \$41.9 million in Alternative Investments. Performance data for these assets are shown below:

	Market Value (\$000)	3 Month	1 Yr	3 Yr	5 Yr	10 Yr
<b>Escheats Alternatives</b>	<b>41,906</b>	<b>(1.13)</b>	<b>10.61</b>	<b>2.73</b>	<b>6.16</b>	<b>5.17</b>
<b>Benchmark</b>		<b>2.73</b>	<b>8.58</b>	<b>8.74</b>	<b>11.28</b>	<b>8.66</b>

Additional financial information on the Escheat Fund is available in the Ancillary Governmental Participant Investment Program statement in Appendix 1, Part B. Information on the Escheats Alternatives Benchmark is available in Appendix 2, Part B.

In addition, pursuant to G.S. 147-69.2A9 and G.S. 147-69.2(b)12(c) the State Treasurer is required to invest 10% of the Escheat Fund through the Venture Capital Multiplier Fund. This is included in the 20% limit laid out in G.S. 147-69.2(b)(12). The Venture Capital Multiplier Fund is administered by a third party professional investment management firm selected following a public procurement process by designees from the Governor's Office, Department of State Treasurer, the Speaker of the House of Representatives, and the President Pro Tempore of the Senate. This fund was

originally created in November 2016. Performance and investment information through the most recent quarter-end are as follows:

	Market Value	Commitment	Unfunded	IRR <sup>1</sup>	TVPI <sup>2</sup>	Distributions	DPI <sup>3</sup>
Venture Capital Multiplier Fund	8,065,559	60,000,000	51,068,332	-19.36%	0.89	0	N/A

<sup>1</sup> Internal rate of return; <sup>2</sup> Total value to paid in capital, or the sum of (distributions + ending value) divided by the total paid in or funded capital; <sup>3</sup> Distributions to paid in capital, or distributions divided by the total paid in or funded capital

Note: Returns may reflect higher costs and lower returns in earlier years.

## E. Other Investments with or on behalf of the State, its Agencies, or Institutions

### i. General Obligation Bond Proceeds Fund [147-69.12(a)(6)]

The General Obligation Bond Proceeds Fund is managed by a private investment company under contract with the Department of State Treasurer. The investments are valued at amortized cost, which approximates fair value. The General Obligation Bond Proceeds Fund has a separate investment account for each state bond issue to comply with Internal Revenue Service regulations on bond arbitrage. Additional information on the fund may be found in the Ancillary Governmental Participant Investment Programs statement in Appendix 1, Part B.

## II. North Carolina Retirement System Financial Information

### A. Introduction to Differences Between IPS and Statute

North Carolina General Statute § 147-69.2 prescribes limits on different kinds of investments the Treasurer is authorized to make with the assets of the Retirement Systems. The limits are expressed in terms of percentages of the overall assets invested and there are limits on individual asset classes and in the aggregate.

During the year ended June 30, 2014, the Investment Management Division conducted an asset liability study to develop a new IPS that would utilize some of the additional investment flexibility created by this statute which was updated in 2013. The IPS describing the asset class structure was finalized and became effective July 1, 2014. The tables below compare the investment policy statement's classifications to the statutory classifications. The numbers reflect net assets owned only by the NCRS funds in the statutory asset classes excluding securities lending, as of the quarter end date for this report.

### B. Concordance of IPS and N.C.G.S. § 147-69.2 [147-69.12(a)(5)(c)]

The following connects statutory guidelines to those in the IPS:

General Statute § 147-69.2		Statutory Asset Class Names	IPS
b(1)-(6) <sup>1</sup>	At least 20%	STIF	Cash
		Bank Balances	
		External Fixed Income	Investment Grade Fixed Income
		Long-Term Fixed Income	
b(6c)	No more than 7.5%	Other Fixed Income	Opportunistic Fixed Income
b(7)	No more than 10%	Real Estate	Core Real Estate
			Non-Core Real Estate
b(8)	No more than 65%	Public Equity	Public Equity
b(8)(b)	No more than 8.5%	Public Equity Limited Liability	Public Equity
b(9)	No more than 8.75%	Alternatives	Private Equity
			Multi-Strategy
b(9a)	No more than 7.5%	Inflation Protection	Inflation Sensitive

Guide to IPS "segment" groups: Green = Rates and Liquidity; Blue = Growth; Purple = Inflation Sensitive & Diversifiers; Orange = Multi-Strategy

<sup>1</sup> Per § 147-69.2(b)(6a) investments authorized by these sections (fixed income) and those authorized by § 147-69.1(c)(1)-(7) (cash management) are combined in calculating the 20% limit.

The following maps the market value balances of the retirement system at quarter end to the respective statutory and IPS classifications:

		Statutory Classification (\$ Millions)								Total
		Public Equity <sup>1</sup>	Long Term <sup>2</sup>	Cash <sup>2</sup>	External Fixed Income <sup>2</sup>	Alternatives <sup>3</sup>	Real Estate <sup>4</sup>	Inflation Protection <sup>5</sup>	Other Fixed Income <sup>6</sup>	
IPS Classification (\$ Millions)	Public Equity	\$31,886							\$3,446	\$35,332
	Private Equity					\$4,825				4,825
	Non-Core Real Estate						\$3,670			3,670
	Opportunistic Fixed Income								\$5,524	5,524
	IG Fixed Income		\$25,266		\$2,982					28,248
	Cash			\$3,683						3,683
	Inflation Sensitive							\$6,504		6,504
	Core Real Estate						4,516			4,516
	Multi-Strategy					1,754				1,754
<b>Total</b>	<b>\$31,886</b>	<b>\$25,266</b>	<b>\$3,683</b>	<b>\$2,982</b>	<b>\$6,580</b>	<b>\$8,186</b>	<b>\$6,504</b>	<b>\$5,524</b>	<b>\$3,446</b>	<b>\$94,057</b>

<sup>1</sup> N.C.G.S. § 147-69.2(b)(8)(a),(c) ; <sup>2</sup> N.C.G.S. § 147-69.1(c) and N.C.G.S. § 147-69.2(b)(1)-(6b) ; <sup>3</sup> N.C.G.S. § 147-69.2(b)(9) ; <sup>4</sup> N.C.G.S. § 147-69.2(b)(7) ; <sup>5</sup> N.C.G.S. § 147-69.2(b)(9a) ; <sup>6</sup> N.C.G.S. § 147-69.2(b)(6c) ; <sup>7</sup> N.C.G.S. § 147-69.2(b)(8)(b)

Note: For statutory compliance purposes, all public equity investments made through funds with limited liability structures are included in the category of investments authorized by N.C.G.S. § 147-69.2(b)(8)(b.), this kind of investment structure is limited to a maximum of 8.5% of the total fund. One external manager, ValueAct Capital Management LP is a limited liability partnership, and thus assets invested with this manager are included in the N.C.G.S. § 147-69.2(b)(8)(b.) 8.5%. However, ValueAct Capital Management has a different investment strategy than the other assets invested with managers through limited liability structures.

The following provides a summary of the investment vehicles in which the various trusts and clients are invested:

		Vehicles			
		Short Term Investment Fund	Bond Index Fund	Equity Index Fund	Long-Term Investment Fund (QIB)
Trusts & Clients	Retirement Systems	●			●
	Cash Management Programs	●			
	Ancillary Governmental Participant Investment Program	●	●	●	
	Escheats Fund	●	●		

### C. Statutory Compliance – Statutory Asset Classes [147-69.12(a)(5)(c)], [147-69.12(a)(1)]

The table below lists the maximum or minimum percentages of the total assets allowed and actual percentages as of the quarter end.

Statutory Citation	Minimum or Maximum Percentage of Fund	Percentage of Total Assets Invested	Compliant
N.C.G.S. § 147-69.1(c) and 147-69.2(b)(1)-(6b) for fixed income and cash	At least 20%	33.9%	✓
N.C.G.S. § 147-69.2(b)(8) for public equity	No more than 65%	37.6%	✓
N.C.G.S. § 147-69.2(b)(8)(b.) for public equity limited liability investment vehicles	No more than 8.5%	3.7%	✓
N.C.G.S. § 147-69.2(b)(6c) for other fixed income	No more than 7.5%	5.9%	✓
N.C.G.S. § 147-69.2(b)(7) for real estate	No more than 10%	8.7%	✓
N.C.G.S. § 147-69.2(b)(9) for private equity and other alternatives	No more than 8.75%	7.0%	✓
N.C.G.S. § 147-69.2(b)(9a) for inflation protection	No more than 7.5%	6.9%	✓
N.C.G.S. § 147-69.2(b)(10a) for the 35% aggregate portfolio limit	The sum of rows 3 to 7; No more than 35%	32.2%	✓

Note: Percentage of Total Assets Invested is based on market values as of the most recent quarter-end. Undrawn capital commitments are not included in the calculations until they are called and invested.

In the event that the market value of any of subdivision (6c) or (7), sub-subdivision b. of subdivision (8), or subdivision (9) or (9a) of G.S. 147-69.2 increases during a fiscal year by an amount greater than three percent (3%) of the market value of all invested assets of the Retirement Systems as of the prior fiscal year end, then that event will be noted in this report along with the expected impact on the risk profile of the assets. No such change occurred during the fiscal year ending June 30, 2017.

### D. Fees – Statutory Asset Classes [147-69.12(a)(1)]

The Investment Management Division utilizes external managers for a portion of the Retirement Systems. Over time, the Department of State Treasurer, with the advice and counsel of the Investment Advisory Committee, has used a relatively lower risk and lower cost approach to investing the North Carolina Retirement System trust funds. While costs have risen somewhat over time as more diverse external investment strategies were pursued, the all-in costs of investing the retirement trust fund remain modest.

The fees incurred to external investment managers, by asset class, are outlined in the Combining Statement of Operations – Pension Trust Funds Investment Program in Appendix 1, Part B. In addition to the fees shown in this statement, internal administrative expenses of the Funds and (for the internally managed fixed income portfolio) trade transaction costs are paid by the Treasurer. These charges are reported on the Combined Statement of Operations in Appendix 1, Part B.

During the calendar year 2015, the Department engaged CEM Benchmarking, a leading independent cost and performance analysis firm, to review the cost structure of the funds. The report showed that the funds' cost structure was below that of most institutional peers. This leads to savings of roughly 7.3 basis points compared to the median peer. Importantly, after deducting all fees, incentives, and expenses, the trust fund exceeded its performance benchmarks. This outperformance is a positive for plan beneficiaries, employers, and taxpayers. At the same time, the Department continues to proactively target improvements in cost-efficiency, transparency, risk management, and compliance.

## Calendar Year 2015 NCRS Costs of Investment Operations Compared to Peers

(Expressed in basis points where 50 basis points equals 0.50%)

	Total (Basis Points)
Median Peer	54.7
North Carolina Retirement Systems	47.4
Percentile	38%

Source: CEM [Cost Effectiveness Measurement] Benchmarking Inc., The peer group consists of 14 U.S. public pension funds managing from \$42 billion to \$157.7 billion. The median peer managed \$68.6 billion versus NCRS' \$89 billion. In CEM's methodology, total cost excludes carry / performance fees for real estate, infrastructure, natural resources, and private equity funds. Performance fees are included for public market asset classes and hedge funds. All such fees and expenses have been deducted from all investment returns reported by NCRS.

### **E. Green Managers and Funds [147-69.12(a)(2)]**

There is no consensus on a validation group or process to certify green managers for investments, and the statute provides no definition of the term "sustainable practices" that would enable the Treasurer to determine which companies and funds would fall under this provision. Thus, it is not possible to report any relevant data at this time.

However, the Treasurer has adopted "Long Term Stewardship Practices" on September 23, 2016 which includes evaluation of material long term economic, environmental, geopolitical, societal, and technological risks for asset management.

\* In terms of calculating performance, all public equity investments with long strategies are grouped together, and all public equity investments with hedged strategies are grouped together.  
Note: One external manager, ValueAct Capital Management LP is included in the Long-Only Public Equity Investment Fund group on this combining statement; however, on the "Concordance of IPS and NCGS § 147-69.2" table in Part II, Section B of this report, the assets invested with Value Act are included in the "Public Equity Limited Liability" category, not the "Public Equity" category. The "Public Equity" category includes all assets invested in long strategies.

\* By policy and practice, neither the Department of State Treasurer nor the funds bear the cost of placement agent fees.

## **Appendix 2: References**

### **Part A: Implementation vs. Long-Term Policy Benchmark**

The Implementation Benchmark is a blend of the Asset Class Benchmarks at policy weights. It is currently weighted as follows: 58% Growth Benchmark, 29% Rates & Liquidity Benchmark, 11% Inflation Sensitive & Diversifiers Benchmark, and 2% Multi-Strategy Benchmark.

The Long-Term Policy Benchmark is comprised of 57% MSCI ACWI IMI Net, 33% BOAML 5+ Years U.S. Treasury Index, 6% Bloomberg Commodity Index, and 4% BOAML 1-3 Years U.S. Inflation-Linked Treasury Index.

The Implementation Benchmark represents the retirement system's current strategic policy allocations, and thus allows for the evaluation of (1) the impact of manager selection, and (2) the impact of tactical variations away from the strategic policy allocations. The Long-Term Policy Benchmark represents the retirement system's passively-managed equivalent, and allows for evaluation of the active asset allocation decisions made across the retirement system. Taken together, these two benchmarks may provide insights as to how the retirement system is performing versus reasonably comparable hypothetical portfolios.

### **Part B: Other Benchmark Definitions**

The Growth Benchmark is a blend of the Public Equity Benchmark, Private Equity Benchmark, Non-Core Real Estate Benchmark, & Opportunistic FI Benchmark at policy weights.

The Public Equity Benchmark is the dynamically weighted combination of the MSCI ACWI IMI Net (Long-Only) and a beta adjusted MSCI ACWI IMI Net (Hedged Equity).

The Private Equity Benchmark is comprised of the following Burgiss Group Private iQ indices: 50% Buyout, 20% Venture Capital, and 30% Distressed.

The Non-Core Real Estate Benchmark is comprised of the following Burgiss Group Private iQ indices: 80% U.S. Non-Core Real Estate (Opportunistic and Value-Added) and 20% Non-U.S. Non-Core Real Estate (Opportunistic and Value-Added).

The Opportunistic Fixed Income Benchmark is comprised of 50% HFRX Distressed Securities Index, 20% HFRX Relative Value Index, 15% Credit Suisse Leveraged Loan Index, and 15% BOAML High Yield Index.

The Rates & Liquidity Benchmark is a blend of the IG Fixed Income Benchmark and the Cash Benchmark at policy weights.

The IG Fixed Income Benchmark is comprised 10% iMoneyNet First Tier Institutional Money Market Funds Net Index and 90% custom BOAML Core Investment Grade Index. The custom BOAML core index comprised of the following weightings: 30% BOAML 5+ Years Governments, 35% BOAML 5+ Years Investment Grade Corporates, and 35% BOAML Mortgage Master.

The Cash Benchmark is the iMoneyNet First Tier Institutional Money Market Funds Net Index.

The Inflation Sensitive & Diversifiers Benchmark is a blend of the Inflation Sensitive Benchmark and the Core Real Estate Benchmark at policy weights.

The Inflation Sensitive Benchmark is the dynamically weighted combination of the Bank of America Merrill Lynch 1-3 Years U.S. Inflation-Linked Treasury Index (TIPS), the Bloomberg Commodities Index (Commodities), and a combination of the benchmarks of investments classified within Private Natural Resources or Other Real Assets and Diversifiers.

The Core Real Estate Benchmark is comprised of 80% NCREIF ODCE Net and 20% FTSE EPRA NAREIT Global Index.

The Multi-Strategy Benchmark is comprised of a dynamically weighted combination of the HFRX ED: Multi-Strategy Index, net of fees, and the market value weighted benchmarks for any other total fund strategies within the Portfolio.

The Escheat Alternatives Benchmark is the total blended Burgiss Private iQ Private Equity index.

## **Part C: Definitions and Rules as required by N.C.G.S. § 147-69.12(e)**

Pursuant to N.C.G.S. § 147-69.12(e) the State Treasurer shall adopt rules to implement the provisions of N.C.G.S. § 147-69.12 “Reporting on the State Treasurer’s Investment Programs”. Adoption of the rules is pending with the NC Rules Review Commission. The content of the proposed rules, including definitions of terms used in this report, is as follows:

### **REQUIRED INVESTMENT REPORTS**

- (a) The State Treasurer shall issue all the reports required by G.S.147-69.12(e) concerning the State Treasurer’s investment programs on or before the dates required by law. The State Treasurer may also issue voluntary reports or include in mandatory reports additional information that is not required by the statute.
- (b) Reports required by different statutory provisions may be combined, so long as the combined report provides all the information required by each statutory provision.
- (c) Failure by any Department of State Treasurer employee to comply with any provision of this Section may result in disciplinary action up to and including dismissal.

### **TRANSMISSION OF REPORTS**

- (a) The State Treasurer will issue reports directly or through a deputy authorized under G.S. 147-75.
- (b) To fulfill the report delivery requirements set out in G.S. 147-69.12(d):
  - (1) E-mail delivery shall be used to send reports to the Joint Legislative Commission on Government Operations, chairs of the House of Representatives and Senate Appropriations Committees, chairs of the House of Representative and Senate Finance Committees, Fiscal Research Division, Governor, Council of State, and State Auditor.
  - (2) A paper copy shall also be sent to the Joint Legislative Commission on Government Operations, unless the Commission indicates that a paper copy is not necessary.
  - (3) The website of the State Treasurer shall have a publicly accessible page that collects recent reports required by the North Carolina General Statutes concerning the State Treasurer’s investment programs. Reports shall be collected for at least ten years.
  - (4) E-mail delivery or website portal delivery, at the State Treasurer’s discretion, shall be used to send reports, where required by G.S. 147-69.12(d), to other officials, institutions, boards, commissions, or agencies investing in a State Treasurer investment program, including but not limited to the State Treasurer’s Ancillary Governmental Participant Investment Programs (AGPIPs).

### **SCOPE OF REPORTING; LEVEL OF DETAIL**

- (a) Each statutory investment report shall include all State Treasurer investments, unless the statute specifically requests only certain types of investments.
- (b) For internally managed portfolios, the State Treasurer may make aggregated reports for each strategy that describe performance and assets at the portfolio level, rather than listing each asset within the internally managed portfolio.
- (c) Unless otherwise specified by the Department of State Treasurer in the report, all reports shall use generally accepted accounting principles and performance measurement methodologies as adopted by the State Treasurer in its policies and procedures. The State Treasurer shall periodically review and update such policies and procedures and make them available upon request.

### **DEFINITIONS OF TERMS**

In this Rule and in the State Treasurer’s required investment reports, the following words and phrases shall have the meanings defined below:

- (1) “Bank balance” means money held by the State Treasurer in a bank or savings institution.

- (2) “Cash management programs” means the Short-Term Investment Fund, bank balances, and any other future investment fund or strategy designed primarily to preserve capital and maintain a strong liquidity profile, as well as achieve competitive relative returns.
- (3) “Duration” of an investment refers to the sensitivity of an investment’s price to changes in interest rates. The calculation involves the present value of the investment, its yield, coupon payment, maturity date and other features, and is measured in terms of years. A higher figure suggests higher interest rate sensitivity. The duration of a portfolio is calculated as the weighted average of all of the underlying securities’ duration.
- (4) “Fee” means a charge against the State Treasurer or a State Treasurer investment. The State Treasurer’s reports shall include under “fees” all of the following types of charges:
- (i) Management fees;
  - (ii) Incentive compensation, carried interest, incentive fees, or performance fees; and
  - (iii) Placement fees.
- (5) “Expense” means the Department of State Treasurer’s administrative costs attributable to and charged to the investment portfolio. The State Treasurer’s reports shall include under “expenses” all of the following types of charges, as communicated to the State Treasurer:
- (i) Administrative expenses;
  - (ii) Commissions, asset fees, or custody fees;
  - (iii) Partnership or organizational expenses;
  - (iv) Pass-through expenses; and
  - (v) The portion of the Department of State Treasurer’s administrative costs attributable to and charged to the investment portfolio or investment fund.
- (6) “Investment manager” means a person or entity, other than Department of State Treasurer employees, given authority or discretion by the State Treasurer to make decisions concerning State Treasurer investments.
- (7) “Placement fee” or “placement agent fee” means a net fee, after any offsets, (i) to a placement agent or (ii) to any other entity, other than the investment manager itself or one of its employees or affiliates, that an investment manager directly or indirectly engaged in order to obtain investment from the State Treasurer.
- (8) “Rate of return” refers to the time-weighted return of each period shown, with adjustments made for cash inflows and outflows to limit distorting effects. Periods of greater than one year are annualized. All returns shown are net of all investment manager fees and all related State Treasurer expenses.
- (9) “Section” means all the subsections within this Section .0100 of Title 20 of the North Carolina Administrative Code.
- (10) “State Treasurer investments” shall mean all investments of any kind by the Treasurer of the State of North Carolina or Department of State Treasurer, including but not limited to securities held directly, securities held in separate accounts pursuant to third-party investment management agreements, interests in limited liability investment vehicles or other investment companies as defined under generally accepted United States accounting principles as promulgated by the Financial Accounting Standards Board.
- (11) “Website portal delivery” means a secure method of accessing messages on a website portal set up by the Department of State Treasurer.
