The Auditor can consider the Supplement a “safe harbor” for identification of compliance requirements to be tested if the Auditor performs reasonable procedures to ensure that the requirements in the Supplement are current. COMMUNITY BASED CHILD ABUSE PREVENTION PROGRAM

I. PROGRAM OBJECTIVES

The purposes of the Community Based Child Abuse Prevention Programs (CBCAP) are: (1) to support community-based efforts to develop, operate, expand, enhance, and coordinate initiatives, programs, and activities to prevent child abuse and neglect and to support the coordination of resources and activities to better strengthen and support families to reduce the likelihood of child abuse and neglect; and (2) to foster understanding, appreciation and knowledge of diverse populations in order to effectively prevent and treat child abuse and neglect.

II. PROGRAM PROCEDURES

The North Carolina Department of Health and Human Services (DHHS), Division of Social Services (DSS) obtains this funding by submitting the Annual Progress of Service Report to the Administration of Children and Families (ACF). Funds are awarded to jurisdictions based on availability. These funds are awarded to the State at a rate of 80% federal financial participation. The State uses in-kind funds from the NC Partnership for Children to meet the required 20% match.

The CBCAP Grant is administered by the North Carolina DHHS - DSS. Children's Trust Program / Family Support Services funds are awarded by DSS through a competitive Request for Applications (RFA), an assessment of the ability and capacity of the organization to implement community-based programs, and availability of funding. An independent review team reviews and scores the applications. The recommendations of this team are forwarded to the Community Based Program Administrator, Section Chief for Child Welfare Policy and Programs, Deputy Director for Child Welfare Services, and to the Director of DSS for approval. Once this process is completed, a formal award notification is sent to approved applicants. The applicant's budget becomes part of the contract between the grantee and DSS. The contract narrative will contain a listing of approved services and activities for a particular program.

Subrecipients are reimbursed through submission of the DSS-1571 III Administrative Costs Report to the NC DHHS Controller's Office. A subgrantee under this grant is subject to provisions of Omni Circular. All federal and state requirements are communicated to the subrecipients as part of the RFA and contracting process.

The State is required to monitor, evaluate, and report on all programs funded by this grant in accordance with regulations adopted by DSS, which can be found at <https://www2.ncdhhs.gov/dss/Monitoring/index.htm>.

These funds may be used for an array of programming including but not limited to:

- Provide comprehensive support for parents;
- Promote the development of parenting skills;
- Improve family access to formal and informal resources and supports;
- Support needs of parents with disabilities through respite or other activities;
- Provide referrals for early health and development services as well as other community-based services;
- Promote meaningful parent leadership.
