N. C. DHHS Confirmation Reports:

SFY 2019 audit confirmation reports for payments made to Counties, Local Management Entities (LMEs), Managed Care Organizations (MCOs), Boards of Education, Councils of Government, District Health Departments and DHSR Grant Subrecipients will be available by mid-October at the following web address: <https://www.ncdhhs.gov/about/administrative-offices/office-controller/audit-confirmation-reports>. At this site, click on the link entitled “Audit Confirmation Reports (State Fiscal Year 2018-2019)”. Additionally, audit confirmation reports for Nongovernmental entities receiving financial assistance from DHHS are found at the same website except select [Non-Governmental Audit Confirmation Reports \(State Fiscal Years 2014-2019\)](#).

The Auditor should not consider the Supplement to be “safe harbor” for identifying audit procedures to apply in a particular engagement, but the Auditor should be prepared to justify departures from the suggested procedures. The Auditor can consider the Supplement a “safe harbor” for identification of compliance requirements to be tested if the Auditor performs reasonable procedures to ensure that the requirements in the Supplement are current. The grantor agency may elect to review audit working papers to determine that audit tests are adequate.

I. PROGRAM OBJECTIVES

To provide counties with flexible funding that will enable them to:

1. Design programs to identify children who are likely to remain in foster care until 18 years of age and to help these children make a transition to self-sufficiency by providing services such as assistance in obtaining a high school diploma, career exploration, vocational training, job placement and retention, training in daily living skills, training in budgeting and financial management skills, substance abuse prevention and preventive health activities (including smoking avoidance, nutrition education and pregnancy prevention);

N. C. LINKS PROGRAM

2. Provide personal and emotional support to children aging out of foster care, through mentors and promotion of interactions with dedicated adults; and
3. Provide financial, housing, counseling, employment, education and other appropriate support services to former foster care recipients between 18 and 21 years of age to complement their own efforts to achieve self-sufficiency and to assure that program participants recognize and accept their personal responsibility for preparing for and then making the transition from adolescence to adulthood.

II. PROGRAM PROCEDURES

The State completes the annual CFS-101 to estimate annual funds. The Administration of Children and Families (ACF) awards funds to states depending upon available funds. These funds require a 20% match which may consist of State funds or allowable in-kind match. Funds are allocated directly to the local county departments of social services (DSS) for operation of the county LINKS programs.

Eligible youth within the custody of local DSS are not required to apply. Eligible youth who are not in the custody of the local DSS must sign the Services Information System Client Entry Form (DSS-5027). Funds are awarded to eligible applicants depending upon need and funding availability.

Additional LINKS funds are available to be reimbursed to counties, upon approval of the state LINKS coordinator. These funds may be used for transitional and housing services. County DSS offices submit invoices to the State LINKS Coordinator for direct payment.

LINKS funds may be used for a variety of independent living services for current and former foster youth as outlined in NC Division of Social policy manual which may be found at: <https://www2.ncdhhs.gov/info/olm/manuals/dss/csm-10/man/1201sVII.pdf>. NC State LINKS Program monitors LINKS program subrecipients in accordance to the NC Local County Social Service Agencies Monitoring Plan, found at: [NC Local County Social Service Agencies Monitoring Plan](#).

III. COMPLIANCE REQUIREMENTS

Crosscutting Requirements: The compliance requirements in the Division of Social Services “Crosscutting Requirements” in Section D (Supplement #DSS-0) are applicable to this grant.

A. ACTIVITIES ALLOWED OR UNALLOWED

All activities must be reasonably connected with the goal of assisting eligible youth in transitioning to adulthood. Justification for use of funds for individual youth shall be documented in the case record. The case plan shall be based on an assessment of the youth’s strengths and needs, the goals to be achieved and the youth’s responsibilities in achieving goals. Activities in the case plan may include, but are not limited to, assistance in obtaining a high school diploma, career exploration, vocational training, job placement and retention, training in daily living skills, training in budgeting and financial management skills, substance abuse prevention and preventive health activities (including smoking avoidance, nutrition education and pregnancy prevention).

All funding for housing expenses is administered by the State N.C. LINKS Coordinator. Funds allocated to county DSS shall not be expended on room or board.

N. C. LINKS PROGRAM

Suggested Audit Procedures

1. Determine that expenditures for housing (rent, rent deposits, or payment for room and board arrangements) were not made for any youth under the age of 18 or for any young adult who was not in custody on his or her 18th birthday.
2. Review documentation in case files of youth participating in the program. Determine if the assessment and documentation of need justify expenditures from allocated LINKS funds. The assessment should be summarized in the case plan. For youth between the age of 13 and 18 the assessment and plan should also be referenced in the court report.
3. Assure that the plan documents the youth's specific agreement to accept part of the direct responsibility for successful completion of the plan.

B. ALLOWABLE COSTS/COST PRINCIPLES

Funds may be used for purchase of goods or services, salary costs, program expenditures, or contracted services on behalf of eligible youth based on the agency plan or individual service plan. Maximum flexibility and creativity is encouraged within the limited guidelines set forth under E. (Eligibility).

All grantees that expend State funds (including federal funds passed through the N. C. Department of Health and Human Services) are required to comply with the cost principles described in the N. C. Administrative Code at 09 NCAC 03M .0201.

E. ELIGIBILITY

1. Current foster youth ages 13-21 and youth who were in foster care after age 13 but are not yet 21 are eligible for services and assistance funded through the LINKS program allocation. Eligible youth must be citizens or qualified aliens and may not have more than \$10,000 in personal reserves. Eligible youth and young adults who were adopted or legally emancipated also remain eligible for services until their 21st birthday, as do youth and young adults who are no longer in DSS custody or placement authority.
2. Youth who are no longer in custody must sign the form DSS-5027 form for LINKS services. Minors or their parent/guardian are also allowed to sign the form for LINKS services.
3. In order to qualify for housing funds, the youth must have been in DSS foster care on his or her 18th birthday. This means that the youth was in the custody of the DSS and resided in foster care or with a relative other than the removal home at the age of 18.

Suggested audit procedures:

1. Verify age of all youth for whom program funds are being used and that beneficiaries are/were in foster care after their 13th and before their 21st birthday.
2. Verify that costs charged to LINKS funds were specifically directed at assisting the youth to gain the skills and resources needed to become self-monitoring and self-sufficient.
3. Determine if any young adults in the county are receiving LINKS Housing Assistance. If so, determine whether or not the person receiving housing assistance was in DSS custody on their 18th birthday.

F. EQUIPMENT AND REAL PROPERTY MANAGEMENT

Equipment purchased for the LINKS program using LINKS funds shall only be used by the program. An equipment inventory shall be maintained locally and a copy of a list of all equipment purchased with program funds shall be attached to the annual cost report. If any
