Brief Description of Program:

These funds provide funding to the Local Health Department (LHD) to become a County of Regional Expertise on mosquito and tick surveillance and control. Specifically, the State expects the LHD to use the funds to become competent in operating all common surveillance methods, contribute to baseline state and national mosquito knowledge, and effectively suppress mosquitoes using Integrated Mosquito Management methods. This will allow them to lead efforts in their region, and aid other LHDs when needed. These requirements are mandated through G. S. 130A-5.
