SFY 2022 audit confirmation reports for payments made to Counties, Local Management Entities (LMEs), Managed Care Organizations (MCOs), Boards of Education, Councils of Government, District Health Departments and DHHS Grant Subrecipients will be available by mid-October at the following web address: <https://www.ncdhhs.gov/about/administrative-offices/office-controller/audit-confirmation-reports> At this site, click on the link entitled “Audit Confirmation Reports (State Fiscal Year 2021-2022)”. Additionally, audit confirmation reports for Nongovernmental entities receiving financial assistance from DHHS are found at the same website except select “[Non-Governmental Audit Confirmation Reports \(State Fiscal Years 2020-22\)](#)”.

The auditor should not consider the Supplement to be “safe harbor” for identifying audit procedures to apply in a particular engagement, but the auditor should be prepared to justify departures from the suggested procedures. The auditor can consider the supplement a “safe harbor” for identification of compliance requirements to be tested if the auditor performs reasonable procedures to ensure that the requirements in the Supplement are current.

The grantor agency may elect to review audit working papers to determine that audit tests are adequate.

Auditors may request documentation of monitoring visits by the State Agencies.

This compliance supplement must be used in conjunction with the OMB 2022 Compliance Supplement which will be issued in the summer. This includes “Part 3 - Compliance Requirements,” for the types that apply, “Part 6 - Internal Control,” and “Part 4 - Agency Program” requirements if the Agency issued guidance for a specific program. The OMB Compliance Supplement is Section A of the State Compliance Supplement.

I. PROGRAM OBJECTIVES

The primary objective is to support and facilitate access and visitation by non-custodial parents with their children.

II. PROGRAM PROCEDURES

The cognizant federal agency is the Administration for Children and Families (ACF), Department of Health and Human Services (DHHS). Funding authorization is the Section 469B of Title IV-D of the Social Security Act as amended by Title III of the Personal Responsibility and Work Opportunity Reconciliation Act (PRWORA) of 1996, PL. 104-193. The NC Access and Visitation Program is ninety percent federally funded and requires a ten percent in kind or cash match.

The program is operated locally through a contract with the Administrative Office of the Courts. The State utilizes the DHHS Office of Procurement and Contract Services (OPCS) policies and procedures to award contracts to subrecipients. The program is not required to be operated on a statewide basis. The State is required to monitor, evaluate, and report on all programs funded by this grant in accordance with regulations adopted by the DHHS. Activities may include mediation, counseling, parenting education, supervised visitation, neutral drop off and pick up, development of parenting plans, visitation enforcement, and development of guidelines for visitation and alternative custody arrangements.

Subrecipients are reimbursed through submission of the DSS-1571 III Administrative Costs Report to the NC DHHS Controller’s Office. The State is required to monitor, evaluate, and report on all programs funded by this grant in accordance with regulations adopted by the NCDSS, which can be found at <https://www.ncdhhs.gov/divisions/social-services/county-staff-information/monitoring>. A subgrantee under this grant is subject to provisions of Omni Circular. All federal and state requirements are communicated to the subrecipients as part of the contracting process.

III. COMPLIANCE REQUIREMENTS

Noted below in the following matrix are the types of compliance requirements that are applicable to the federal program. These Types are determined by the federal agency, noted as “Y,” on the “Matrix of Compliance Requirements” located in Part 2 of the OMB 2022 Compliance Supplement; however, the State Agency may have added the Type and this is noted by “Y.” If the State determines that the federal requirement does not apply at the local level or if the State modifies the federal requirements, this is noted in the supplement under the type of compliance requirement. If the federal and/or State agencies have determined that the type is not applicable, it is noted by “N.”

N. C. ACCESS AND VISITATION PROGRAM

If the Matrix indicates “Y,” the auditor must determine if a particular type of compliance requirement has a direct and material effect on the federal program for the auditee. For each such compliance requirement subject to the audit, the auditor must use the OMB 2021 Compliance Supplement, Part 3 (which includes generic details about each compliance requirement other than Special Tests and Provisions) and Part 4 (which includes any program-specific requirements) to perform the audit.

If there is no program listed on the “Matrix” in Part 2 or Part 4, the State has determined the Type that is applicable. If a Type is determined direct and material, the auditor should refer to the requirements found in Part 3 and listed in this supplement.
