SFY 2022 audit confirmation reports for payments made to Counties, Local Management Entities (LMEs), Managed Care Organizations (MCOs), Boards of Education, Councils of Government, District Health Departments and DHSR Grant Subrecipients will be available by mid-October at the following web address: <https://www.ncdhhs.gov/about/administrative-offices/office-controller/audit-confirmation-reports> At this site, click on the link entitled “Audit Confirmation Reports (State Fiscal Year 2021-2022)”. Additionally, audit confirmation reports for Nongovernmental entities receiving financial assistance from DHHS are found at the same website except select “[Non-Governmental Audit Confirmation Reports \(State Fiscal Years 2020-2022\)](#)”

The auditor should not consider the Supplement to be “safe harbor” for identifying audit procedures to apply in a particular engagement, but the auditor should be prepared to justify departures from the suggested procedures. The auditor can consider the supplement a “safe harbor” for identification of compliance requirements to be tested if the auditor performs reasonable procedures to ensure that the requirements in the Supplement are current.

The grantor agency may elect to review audit working papers to determine that audit tests are adequate.

Auditors may request documentation of monitoring visits by the State Agencies.

This compliance supplement must be used in conjunction with the OMB 2021 Compliance Supplement which will be issued in the summer. This includes “Part 3 - Compliance Requirements,” for the types that apply, “Part 6 - Internal Control,” and “Part 4 - Agency Program” requirements if the Agency issued guidance for a specific program. The OMB Compliance Supplement is Section A of the State Compliance Supplement.

I. PROGRAM OBJECTIVES

N. C. LINKS PROGRAM – EDUCATION AND TRAINING VOUCHERS (ETV)

To provide resources to States and eligible Indian Tribes to make available vouchers for post-secondary training and education, to youth who are likely to age out of foster care or who have been adopted or left for kinship guardianship from the public foster care system after age 16, or who were in foster care on or after their 17th birthday.

II. PROGRAM PROCEDURES

The State completes the annual CFS-101 that provides an estimate of annual funds. The Administration of Children and Families (ACF) awards funds to states depending upon funding availability. These funds require a twenty-percent match which may consist of State funds or allowable in-kind match.

Subrecipients submit an annual contract proposal to the State and funds are awarded. Subrecipients acquire their grant award via the N. C. DHHS Office of Procurement and Contracting procedures referenced at <https://ncadmin.nc.gov/government-agencies/procurement/procurement-rules>. Funds are distributed to the subrecipient on a monthly basis upon submission of a DSS-1571 invoice to the State.

Eligible youth are required to apply for funding by completing the subrecipient application on line. Eligibility is determined by the NC State LINKS Program and communicated to the subrecipient. Funds are distributed to eligible applicants depending upon need and funding availability up to \$5,000 per year and upon verification of their enrollment in a post-secondary or vocational institution. Funds may be used for cost of attendance and other allowable expenses.

Subrecipients are monitored by the NC State LINKS Program in accordance to the NC Department of Health and Human Services, Division of Social Services Subrecipient Monitoring Plan – Contracts, found at: [NC Sub-Recipient Contract Monitoring Plan](#).

III. COMPLIANCE REQUIREMENTS

Noted below in the following matrix are the types of compliance requirements that are applicable to the federal program. These Types are determined by the federal agency, noted as “Y,” on the “Matrix of Compliance Requirements” located in Part 2 of the OMB 2021 Compliance Supplement; however, the State Agency may have added the Type and this is noted by “Y.” If the State determines that the federal requirement does not apply at the local level or if the State modifies the federal requirements, this is noted in the supplement under the type of compliance requirement. If the federal and/or State agencies have determined that the type is not applicable, it is noted by “N.”

If the Matrix indicates “Y,” the auditor must determine if a particular type of compliance requirement has a direct and material effect on the federal program for the auditee. For each such compliance requirement subject to the audit, the auditor must use the OMB 2021 Compliance Supplement, Part 3 (which includes generic details about each compliance requirement other than Special Tests and Provisions) and Part 4 (which includes any program-specific requirements) to perform the audit.

If there is no program listed on the “Matrix” in Part 2 or Part 4, the State has determined the Type that is applicable. If a Type is determined to be direct and material, the auditor should refer to the requirements found in Part 3 and listed in this supplement

A. ACTIVITIES ALLOWED OR UNALLOWED

Funds may be used to provide vouchers for post-secondary education and training to youth who are/were in foster at age 17 otherwise eligible for services under the State's or Tribe's Chafee Foster Care Program for Successful Transition to Adulthood. Vouchers may also be provided to youth who leave foster care for adoption or kinship guardianship after age 16, or who are still in foster care on or after their 17th birthday. Vouchers can be provided to youth up to the age of 26, as long as they are enrolled in a postsecondary education or training program and are making satisfactory progress toward completion of that program. Vouchers provided to individuals may be available for the cost of attending an institution of higher education (as defined in section 472 of the Higher Education Act) and shall not exceed the lesser of \$5,000 per grant year or the total cost of attendance as defined in section 472 of the Higher Education Act.

No more than ten percent (10%) of the federal grant is dedicated to the administration of these funds. That portion of the funds is distributed between salaries and other administrative costs. The remainder of the funds may only be used for cash vouchers for the eligible students to pay for allowable expenses that are included in their cost of attendance. Vouchers are directly paid to third party vendors.

Recommended Audit Procedures:

Determine that students receiving Educational Training Vouchers are eligible for these funds by meeting all the criteria in section C, below;

Documentation of vouchers from Foster Care to Success specifies that the student is eligible for ETV and that any expenditure is allowable under the principles of the Act.

Documentation of administrative expenditures from Foster Care to Success is allowable under the budget.

B. ALLOWABLE COSTS/COST PRINCIPLES
