The Auditor should not consider the Supplement to be “safe harbor” for identifying audit procedures to apply in a particular engagement, but the Auditor should be prepared to justify departures from the suggested procedures. The Auditor can consider the Supplement a “safe harbor” for identification of compliance requirements to be tested if the Auditor performs reasonable procedures to ensure that the requirements in the Supplement are current.

The grantor agency may elect to review audit working papers to determine that audit tests are adequate.

Auditors may request documentation of monitoring visits by the State Agencies.

I. Program Objectives:

The purpose of this program is to provide funds to Psychiatric Residential Treatment Facilities (PRTF) for the provision of educational services as required by S.L. 2014-100 (S744). There are currently 15 parent PRTF agencies that are eligible to receive funding per this legislation. They serve approximately 1,000 children a year in 28 different sites.

There is much variability in the quality and quantity of educational services provided to children in PRTFs. Standardization of and adherence to the minimal instructional requirements within PRTFs is needed to ensure that the educational needs of these children are met. These students are often at increased risk for poor academic, occupational and social outcomes. With improved educational instruction while in the PRTF, these students have increased chances to successfully transition back to their home school districts and have academic and occupational success.

All grantees are required to comply with the NC Department of Health and Human Services and DMHDDSAS records retention schedules and policies. These include Functional Schedule for State Agencies, Records Retention and Disposition Schedule – DMH/DD/SAS Local Government Entity (APSM 10-6), Records Retention and Disposition Schedule - DMH/DD/SAS Provider Agency (APSM- 10-5) and the DHHS Records Retention and Disposition Schedule for Grants.

Senate Bill 744 2014-100 Appropriations Act of 2014 states the following:

To the extent that funds are available in the Department of Public Instruction for the delivery of educational services in PRTFs as provided in this Part, those funds shall be transferred to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services (DMH/DD/SAS). The funds transferred for the purchase of educational services within the PRTF shall not be allocated to LME/MCOs but shall be held in reserve at the DMH/DD/SAS. The DMH/DD/SAS shall use the reserve funds to pay for educational services authorized by the Department of Public Instruction and billed by the PRTFs in a process established by the DMH/DD/SAS. The funds transferred to the DMH/DD/SAS pursuant to this section shall be allocated to the PRTFs for educational services in a manner determined by the Department of Health and Human Services and the Department of Public Instruction in a Memorandum of Understanding or a Memorandum of Agreement. The Department of Health and Human Services shall disburse for these purposes only those funds transferred from the Department of Public Instruction.

II. Program Procedures:

S.L.2014-100(s744) states: “To the extent that funds are allocated and available to the Department of Public Instruction for the delivery of services, those funds shall be transferred to the DMH/DD/SAS. The DMH/DD/SAS shall contract with approved agencies for educational services in a manner determined by the Department of Health and Human Services and the Department of Public Instruction in a Memorandum of Agreement. “

In addition, to be eligible for funding, the PRTF must be licensed by The Department of Health Services Regulation (DHSR) as a PRTF and have an Exceptional Children’s Education Program that is approved by the Department of Public Instruction (DPI), and a school that is registered with the Division of Non-Public Education. Failure to meet these criteria can result in termination of funding. DHHS contracts with each parent agency for services on an annual basis. Programs submit monthly Financial Status Reports for reimbursement of approved expenses.
