SFY 2024 audit confirmation reports for payments made to Counties, Local Management Entities (LMEs), Managed Care Organizations (MCOs), Boards of Education, Councils of Government, District Health Departments and DHHS Grant Subrecipients will be available by mid-October at the following web address: <https://www.ncdhhs.gov/about/administrative-offices/office-controller/audit-confirmation-reports> At this site, click on the link entitled "Audit Confirmation Reports (State Fiscal Year 2023-2024)". Additionally, audit confirmation reports for Nongovernmental entities receiving financial assistance from DHHS are found at the same website except select "Non-Governmental Audit Confirmation Reports".

The Auditor should not consider the Supplement to be "safe harbor" for identifying audit procedures to apply in a particular engagement, but the Auditor should be prepared to justify departures from the suggested procedures. The Auditor can consider the Supplement a "safe harbor" for identification of compliance requirements to be tested if the Auditor performs reasonable procedures to ensure that the requirements in the Supplement are current.

The grantor agency may elect to review audit working papers to determine that audit tests are adequate.

Auditors may request documentation of monitoring visits by the State Agencies.

This compliance supplement must be used in conjunction with the OMB 2024 Compliance Supplement which will be issued in the summer. This includes "Part 3 - Compliance Requirements," for the types that apply, "Part 6 - Internal Control," and "Part 4 - Agency Program" requirements if the Agency issued guidance for a specific program. The OMB Compliance Supplement is Section A of the State Compliance Supplement.

I. PROGRAM OBJECTIVES

The purpose of the Emergency Solutions Grant Program (ESG) is to assist persons who are homeless and persons who are at risk of becoming homeless. The grant pays certain expenses related to operating emergency shelters, for essential services related to emergency shelters and street outreach for the homeless, and for homelessness prevention and rapid re-housing assistance. (24 CFR Section 576.1).

EMERGENCY SOLUTIONS GRANTS PROGRAM

The Division of Aging and Adult Services (DAAS) issues a Request for Applications (RFA) each fiscal year when funds are available from the Federal government. Nonprofit and local governments apply for funds. DAAS generates contracts for each organization that receives funds. DAAS also revises contracts during the program year as necessary. Auditors should review the contracts in Open Window or program files to determine actual funding amounts.

II. PROGRAM PROCEDURES

Emergency Solutions Grant (ESG) is administered by the North Carolina Department of Health and Human Services, Division of Aging and Adult Services (DAAS).

Funds are awarded to units of general local government and private non-profit organizations who apply for funding through an annual Request For Applications (RFA) process. **The RFA is released prior to the anticipated Federal award. The State receives and signs a grant agreement from the U. S. Department of Housing and Urban Development (HUD) before funds are expended.** Eligible applicants submit grant applications by the deadline prescribed in the RFA. Applications are reviewed by ESG staff to ensure compliance with State and federal rules. Grant awards are made and each grant subrecipient signs a contract with DHHS that incorporates various terms and conditions including the following:

- Period of award
- Amount of award
- Termination provisions
- Record retention requirements
- Property management requirements
- Audit requirements
- Terms of pay back of disallowed costs
- Disallowance of lobbying costs
- Scope of work
- Approved budget, and
- Assurance of compliance with applicable federal state and local laws and regulations.
- Performance measures
- Match requirements
- Reimbursement procedures
- Reporting requirements

Subrecipients submit monthly financial expenditure reports during the contract period. These financial expenditure reports subject to desk monitoring monthly. Reimbursement requests are paid by the DHHS Controller's Office to subrecipients on a monthly basis. On-site monitoring visits are made to selected subrecipients by ESG staff to verify program compliance, to review financial records, and to review administrative structures and practices. Results of on-site monitoring visits are shared with subrecipient organizations that have been monitored. Back-up documentation that is submitted with monthly reimbursement requests is also reviewed on a regular basis throughout the program year.

Subrecipients are required to submit a Consolidated Annual Performance and Evaluation Report (CAPER) at the conclusion of the program year.

III. COMPLIANCE REQUIREMENTS

Noted below in the following matrix are the types of compliance requirements that are applicable to the federal program. These Types are determined by the federal agency, noted as “Y,” on the “Matrix of Compliance Requirements” located in Part 2 of the OMB 2024 Compliance Supplement; however, the State Agency may have added the Type and this is noted by “Y.” If the State determines that the federal requirement does not apply at the local level or if the State modifies the federal requirements, this is noted in the supplement under the type of compliance requirement. If the federal and/or State agencies have determined that the type is not applicable, it is noted by “N.”

If the Matrix indicates “Y,” the auditor must determine if a particular type of compliance requirement has a direct and material effect on the federal program for the auditee. For each such compliance requirement subject to the audit, the auditor must use the OMB 2024 Compliance Supplement, Part 3 (which includes generic details about each compliance requirement other than Special Tests and Provisions) and Part 4 (which includes any program-specific requirements) to perform the audit.

If there is no program listed on the “Matrix” in Part 2 or Part 4, the State has determined the Type that is applicable. If a Type is determined direct and material, the auditor should refer to the requirements found in Part 3 and listed in this supplement.

A	B	C	E	F	G	H	I	J	L	M	N
Activities Allowed or Unallowed	Allowable Costs/Cost Principles	Cash Management	Eligibility	Equipment/ Real Property Management	Matching, Level of Effort, Earmarking	Period Of Performance	Procurement Suspension & Debarment	Program Income	Reporting	Subrecipient Monitoring	Special Tests and Provisions
Y	Y	N	Y	Y	Y	Y	Y	Y	Y	Y	Y

In developing the audit procedures for testing the compliance requirements of the Emergency Solutions Grant (ESG) programs, auditors should refer to the matrix to identify which Compliance Requirements (P24 CFR Parts 91 and 576) are applicable. In addition to the general requirements found on the matrix, the following both performance and compliance requirements also apply.

- Performance Measure 1 – It is a requirement of HUD that all ESG subrecipients provide accurate data to the NC ESG Office by the designated deadline.
- Performance Measure 2 – Subrecipient must meet or exceed 80% of program compliance.
