The auditor should not consider the Supplement to be “safe harbor” for identifying audit procedures to apply in a particular engagement, but the auditor should be prepared to justify departures from the suggested procedures. The auditor can consider the supplement a “safe harbor” for identification of compliance requirements to be tested if the auditor performs reasonable procedures to ensure that the requirements in the Supplement are current.

The grantor agency may elect to review audit working papers to determine that audit tests are adequate.

**Auditors may request documentation of monitoring visits by the State Agencies.**

This State compliance supplement must be used in conjunction with the OMB 2025 Compliance Supplement which is scheduled to be issued in May 2025. The OMB supplement will include “Part 3 - Compliance Requirements,” for the types that apply, and “Part 6 - Internal Control.” If a federal Agency issued guidance for a specific program, this will be included in “Part 4 - Agency Program”. The OMB Compliance Supplement is Section A of the State Compliance Supplement.

**I. PROGRAM OBJECTIVES**

The purpose of the Recreational Trails Program (as stated in CFDA# 20.219) is to provide funds to states to develop and maintain recreational trails and trail-related facilities for both nonmotorized and motorized recreational trail use.

**II. PROGRAM PROCEDURES**

Funds received through the Recreational Trails Program are made available to governmental agencies and nonprofit organizations through a grant program titled “Recreational Trails Program.”

The state trails program staff in the Division of Parks and Recreation is responsible for the administration of the Recreational Trails Program (also known as RTP). Applications are available via the online Grant Management system (WebGrants) in March of each year.

## RECREATIONAL TRAILS PROGRAM

Directions on how to access WebGrants are listed on the Division of Parks and Recreation Trails Program web site.

The North Carolina Trails Committee (a seven-member advisory committee) reviews applications received. The Committee makes funding recommendations to the Secretary of the Department of Natural and Cultural Resources. The Secretary is authorized to award and deny grants to applicants.

Any governmental agency or nonprofit organization awarded a Recreational Trails Program grant is required to enter into an agreement with the State of North Carolina. This agreement details the responsibilities of the grantee and the grantor.

The Recreational Trails Program is a reimbursable grant program. The State will reimburse a project sponsor up to 80% of the total project costs up to the grant amount awarded. The project sponsor is responsible for the remaining 20% of project costs.

### III. COMPLIANCE REQUIREMENTS

Noted below in the following matrix are the types of compliance requirements (Types) that are applicable to the federal program. These Types are either determined by the federal agency or the State Agency may have added the Type. This is noted by "Y." If the State determines that the federal requirement does not apply at the local level or if the State modifies the federal requirements, this is discussed in the supplement under the type of compliance requirement. If the federal and/or State agencies have determined that the type is not applicable, this is indicated by "N."

If the Type is applicable, the auditor must determine if the Type has a direct and material effect on the federal program for the auditee. The auditor must use the OMB 2025 Compliance Supplement, Part 3 and Part 4 (if an OMB supplement is issued) in addition to this State supplement to perform the audit.

### **Suggested Audit Procedures**

Review of project sponsor's records should indicate if project sponsor has met the requirement of using RTP funds for allowable activities as per Federal Highway Administration guidelines.

## **B. Allowable Costs/Cost Principles**

### **Compliance Requirements**

In accordance with "Recreational Trails Program Draft Guidance" as released by the Federal Highway Administration on November 7, 1998, the Federal share of a Recreational Trail Program grant shall not exceed 80% of the project costs. The project sponsor is responsible for providing the remaining 20% of the total project costs.

The State's Recreational Trails Program "Project Agreement Form" states that the project sponsor agrees to carry out in a manner satisfactory to the State the project as proposed. Therefore, any cost incurred by the project sponsor which can be attributed to the trail project as defined in the application or the fully executed project agreement form is considered an allowable cost.

Costs not cost-sharable through the Recreation Trails Program include: the payment of salaries or wages of active employees; nor can grant funds be used to carry on propaganda or otherwise to attempt to influence legislation or the outcome of any public election, or to carry on directly or indirectly any voter registration drive.

### **Audit Objectives**

Determine if project sponsor used RTP funds for allowable costs.

### **Suggested Audit Procedures**

Review of the project sponsor's records should indicate if the project sponsor has met the requirement of using RTP funds for allowable costs as per Federal Highway Administration guidelines.

### **F. Equipment and Real Property Management**

#### **Compliance Requirements**

In accordance with 2 CFR 200 - Uniform Guidance title to equipment and real property acquired (in accordance with the executed Project Agreement Form) rests with the project sponsor. Since the Federal Government does not hold title to equipment or real property, use and disposition is at the title holder's discretion.

No testing is required at the local level.

### **G. Matching, Level of Effort, Earmarking**

#### **Compliance Requirements**

In accordance with "Recreational Trails Program Draft Guidance" as released by the Federal Highway Administration on November 7, 1998, the project sponsor is responsible for providing a 20% match of the total project costs.

The project sponsor may offer to donate funds, materials, services (including volunteer labor), or new right-of-way toward the non-Federal share of a Recreational Trails Program trail project.

#### **Audit Objectives**

Determine if funds were expended for the purposes for which they were awarded and if the match requirement has been met.

#### **Suggested Audit Procedures**

1. A review of the project sponsor's records should indicate funds received through the Recreational Trails Program were expended for the purposes for which they were awarded.
2. A review should indicate that the project sponsor has met their 20% match requirement of the total project costs.

Level of Effort – Not Applicable

Earmarking – Not Applicable

### **Audit Objectives**
