N.C. DPI Confirmation Reports:

Confirmation of Funds Expended and/or Disbursed from the State Public School Fund and Federal Programs 2023-24 will be available at the [NC DPI School Business Division Annual Reports Application](#). The system provides an electronic view of Year-to-Date (YTD) financial reports in response to requests for confirmation from independent auditors.

The auditor should not consider the Supplement to be “safe harbor” for identifying audit procedures to apply in a particular engagement, but the auditor should be prepared to justify departures from the suggested procedures. The auditor can consider the supplement a “safe harbor” for identification of compliance requirements to be tested if the auditor performs reasonable procedures to ensure that the requirements in the Supplement are current.

The grantor agency may elect to review audit working papers to determine that audit tests are adequate.

Auditors may request documentation of monitoring visits by the State Agencies.

This compliance supplement must be used in conjunction with the OMB 2024 Compliance Supplement which will be issued in the summer. This includes “Part 3 - Compliance Requirements,” for the types that apply, “Part 6 - Internal Control,” and “Part 4 - Agency Program” requirements if the Agency issued guidance for a specific program. The OMB Compliance Supplement is Section A of the State Compliance Supplement.

I. PROGRAM OBJECTIVES

The Neglected and Delinquent Program under Part D of the ESEA consists of 2 subparts. Subpart 1 is the State Agency Neglected and Delinquent formula grant program; subpart 2 is the Local Educational Agency (LEA) program. The Title I, Part D, Subpart 1, State Agency Neglected and Delinquent (N and D) program provides formula grants to the State Education Agency (SEA) for supplementary education services to help provide education continuity for children and youths in state-run institutions for juveniles and in adult correctional institutions so that these youths can make successful transitions to school or employment once they are released. Subpart 2 funds are awarded to LEAs with high proportions of youths in local correctional facilities to support dropout prevention programs for at-risk youths. The objectives are (1) to improve educational services for children and youth in local and State institutions for neglected or delinquent children and youth so that such children and youth have the opportunity to meet the same challenging State academic content standards and challenging State student academic achievement standards that all children in the State are expected to meet; (2) to provide such children and youth with the services needed to make a successful transition from institutionalization to further schooling or employment; and (3) to prevent at-risk youth from dropping out of school, and to provide dropouts, and children and youth returning from correctional facilities or institutions for neglected or delinquent children and youth, with a support system to ensure their continued education.

II. PROGRAM PROCEDURES

Subpart 1 funds are allocated by formula to SEAs, which make subgrants to the state agencies responsible for educating neglected or delinquent children and youths. The Subpart 2 Local Education Agency Program requires each SEA to reserve from its Title I, Part A, allocation, funds generated by the number of children in locally operated institutions for delinquent youths. Funds are allocated to State agencies and LEAs based on an October caseload count submitted on an annual basis to the SEA.

Funds are distributed according to the cash request procedures discussed in the DPI Cross-Cutting Requirements, DPI-0.

III. COMPLIANCE REQUIREMENTS

If the Matrix indicates “Y,” the auditor must determine if a particular type of compliance requirement has a direct and material effect on the federal program for the auditee. For each such compliance requirement subject to the audit, the auditor must use the OMB 2024 Compliance Supplement, Part 3 (which includes generic details about each compliance requirement other than Special Tests and Provisions) and Part 4 (which includes any program-specific requirements) to perform the audit.

If there is no program listed on the “Matrix” in Part 2 or Part 4, the State has determined the Type that is applicable. If a Type is determined direct and material, the auditor should refer to the requirements found in Part 3 and listed in this supplement.
