The auditor should not consider the Supplement to be “safe harbor” for identifying audit procedures to apply in a particular engagement, but the auditor should be prepared to justify departures from the suggested procedures. The auditor can consider the supplement a “safe harbor” for identification of compliance requirements to be tested if the auditor performs reasonable procedures to ensure that the requirements in the Supplement are current.

The grantor agency may elect to review audit working papers to determine that audit tests are adequate.

Auditors may request documentation of monitoring visits by the State Agencies.

This State compliance supplement must be used in conjunction with the OMB 2025 Compliance Supplement which is scheduled to be issued in May 2025. The OMB supplement will include “Part 3 - Compliance Requirements,” for the types that apply, and “Part 6 - Internal Control.” If a federal Agency issued guidance for a specific program, this will be included in “Part 4 - Agency Program”. The OMB Compliance Supplement is Section A of the State Compliance Supplement.

I. PROGRAM OBJECTIVES

Special Children Adoption Fund (SCAF), also referred to as the Adoption Promotion Program Fund, promotes public-private partnerships and enhances and expands adoption services to find permanent homes for hard-to-place children who are living in (or likely to be placed in) foster homes or institutions. The fund is intended to secure adoptive homes for more children than would otherwise be possible within the limitations of existing financial resources

II. PROGRAM PROCEDURES

This program is supported with funds appropriated by the NC General Assembly as a component of the Temporary Assistance for Needy Families (TANF) Block Grant, Title IV-BII and federal Adoption Incentive funds. All of these funding sources are 100% federal funds. State appropriations are also utilized to support this program.

Participants in this program include county Departments of Social Services (DSS) and any licensed private adoption agency that has entered into a contract with the State Division of Social Services to provide adoption services to special needs children. These funds are performance-based in that payments can only be made after a Decree of Adoption has been issued. Payments can only be made on behalf of children who have been determined eligible for adoption assistance benefits.

Guidelines for use of Special Children Adoption Fund/Adoption Promotion Program Fund, are found in the Adoption Promotion Program Criteria and Guidelines that can be found at [Adoption Promotion Criteria and Guidelines](#)

The State utilizes the DHHS Office of Procurement, Contracts and Grants (OPCG) policies and procedures to award contracts to subrecipients. These subrecipients are reimbursed through submission of a monthly invoice form to the NC DHHS Controller’s Office. All federal and state requirements are communicated to subrecipients as part of the contracting process.

These funds may be used for direct provision or purchase by contract for adoption services, adoption recruitment, adoption assistance case management, child specific recruitment, assessment, training of adoptive parents, and post adoption case management. Conversely these funds cannot be used to purchase automobiles or to supplant the salaries of county workers.

The State is required to monitor, evaluate, and report on all programs funded by this grant. Funds awarded to County Social Service Agencies are monitored in accordance with regulations adopted by the NC DSS, which can be found at: [Monitoring | NCDHHS](#)

Funds awarded to licensed private adoption agencies that have entered into a contract with the State Division of Social Services are monitored in accordance with the regulations adopted by the NCDSS which can be found at: [Monitoring | NCDHHS](#)

III. COMPLIANCE REQUIREMENTS

Noted below in the following matrix are the types of compliance requirements (Types) that are applicable to the federal program. These Types are either determined by the federal agency or the State Agency may have added the Type. This is noted by "Y." If the State determines that the federal requirement does not apply at the local level or if the State modifies the federal requirements, this is discussed in the supplement under the type of compliance requirement. If the federal and/or State agencies have determined that the type is not applicable, this is indicated by "N."

If the Type is applicable, the auditor must determine if the Type has a direct and material effect on the federal program for the auditee. The auditor must use the OMB 2025 Compliance Supplement, Part 3 and Part 4 (if an OMB supplement is issued) in addition to this State supplement to perform the audit.

Crosscutting Requirements

The compliance requirements in the Division of Social Services "Crosscutting Requirements" in Section D (Supplement #DSS-0) are applicable to this grant.

A. Activities Allowed or Unallowed

Allowable activities include:

- Recruiting and training of prospective adoptive families for individual foster children or for foster care children as a group.
- Pre-placement assessments of prospective adoptive families, including assessments by private adoption agencies in other states.
- Preparing children for adoption (preparation support groups, life books, etc.).
- Legal or court-related services to expedite the adoption process.
- Post placement services for adoptive families provided by an agency between the time that a child is placed in the home of his or her prospective adoptive parents and the time that the child's adoption is finalized in court. In accordance with State rules for allowable costs, the Special Children Adoption Fund Aka Adoption Promotion Program Fund may be used for post-adoption services for families whose income exceed 200% Federal Poverty Level.
- Adoption services staff contracted to expedite the adoption process for foster children and assure a timely response to all families who indicate an interest in adopting a child in foster care; and
- Cost-allocated share of equipment that will directly benefit the adoption program.

Unallowable activities include:

- Services to foster children for whom the permanent plan is not adoption.

All expenditures must be connected with the goal of permanency through adoption for children

B. Allowable Costs/Cost Principles

All grantees that expend State funds (including federal funds passed through the N. C. Department of Health and Human Services) are required to comply with the cost principles described in the N. C. Administrative Code at 09 NCAC 03M .0201.

E. Eligibility

The Special Children Adoption Fund/Adoption Promotion Program Fund is used to enhance the adoption services in a county or private agency and applicable eligibility requirements must be met.

To qualify for payments from Special Children Adoption Fund Program/Adoption Promotion Program Fund baseline requirements for local child welfare agencies must be met. The Federal Baseline Methodology is used to establish county baselines for SFY 2024-2025. The federal baseline is determined by considering the number of adoptions that occurred over the past three years and the number of children in foster care. The rate is established by dividing the number of adoptions completed in one year by the number of children in foster care the preceding year. The lesser of the base rate for the previous year or the average rate for the previous three fiscal years is then multiplied by the number of foster children in foster care the previous fiscal year. This result gives a county its baseline for the current fiscal year. Data for the baseline calculations comes from the Child Placement and Payment System (CPPS) database and NC Child Welfare System. DSS-5094's closed due to adoptions realized within the fiscal year are counted towards the baseline.

YEAR-END DISTRIBUTION: County child welfare agencies will receive a one-time, year-end funding allocation. County agencies will receive a proportional share of the total statewide funding available to all counties based upon the sum of two factors:

1. The total number of adoptions completed, regardless of age, that **exceed** federal adoption baseline targets for each county.
2. The total number of adoptions completed for children 13 years and older or sibling groups of 3 or more placed together for adoption, **that fall under the federal baseline**.

There is no baseline for private child placing agencies. Private child placing agencies are only eligible to receive reimbursement from the Special Children Adoption Fund/Adoption Promotion Program Fund to make up the difference between the fees collected from the adoptive family and the reimbursement rate for the placement.

The payment levels for disbursement of the Special Children Adoption Fund/Adoption Promotion Program Fund to private child placing agencies for eligible service areas and corresponding payment amounts for each eligible service are identified below:

Service Area	Children 0-12	Teens and Sibling Groups of 3+
Adoptive Family Readiness	\$4,000	\$7,000
Post-Placement Support (Family)	\$1,250	\$2,000
Post-Placement Support (Child)	\$1,250	\$2,000
Completion of Legal Procedures	\$1,500	\$2,500
Total	\$8,000	\$13,500

G. Matching, Level of Effort, Earmarking

Not applicable at the local level.
