Address Confirmation Letters To:

SFY 2024 audit confirmation reports for payments made to Counties, Local Management Entities (LMEs), Managed Care Organizations (MCOs), Boards of Education, Councils of Government, District Health Departments and DHHS Grant Subrecipients will be available by mid-October at the following web address:
<https://www.ncdhhs.gov/about/administrative-offices/office-controller/audit-confirmation-reports> At this site, click on the link entitled “Audit Confirmation Reports (State Fiscal Year 2023-2024). Additionally, audit confirmation reports for Nongovernmental entities receiving financial assistance from DHHS are found at the same website except select “Non-Governmental Audit Confirmation Reports”.

The auditor should not consider the Supplement to be “safe harbor” for identifying audit procedures to apply in a particular engagement, but the auditor should be prepared to justify departures from the suggested procedures. The auditor can consider the supplement a “safe harbor” for identification of compliance requirements to be tested if the auditor performs reasonable procedures to ensure that the requirements in the Supplement are current.

The grantor agency may elect to review audit working papers to determine that audit tests are adequate.

Auditors may request documentation of monitoring visits by the State Agencies.

This compliance supplement must be used in conjunction with the OMB 2024 Compliance Supplement which will be issued in the summer. This includes "Part 3 - Compliance Requirements," for the types that apply, "Part 6 - Internal Control," and "Part 4 - Agency Program" requirements if the Agency issued guidance for a specific program. The OMB Compliance Supplement is Section A of the State Compliance Supplement.

I. PROGRAM OBJECTIVES

Child Welfare Services, using Permanency Planning Funds, are public social services directed toward the accomplishment of the following purposes:

- (1) Protecting and promoting the welfare of all children, including abused, dependent, and/or neglected children.
- (2) Remedying or assisting in the solution of issues which led to the neglect, abuse, exploitation, or delinquency of children.
- (3) Identifying family issues and assisting families in resolving the concerns which led to the removal of the child.
- (4) Returning children to their families who have been removed, by the provision of services to the child and the families.
- (5) Placing children in suitable adoptive homes, in cases where reunification to the biological family is not possible or appropriate; and
- (6) Assuring adequate care of children away from their homes, in cases where the child cannot be returned home or is not currently placed for adoption.

II. PROGRAM PROCEDURES

The cognizant federal agency is the Administration for Children and Families, U. S. Department of Health and Human Services. The State Division of Social Services, which administers the services program under Title IV of the Social Security Act, is the designated single State agency to administer child welfare services. The Division prepares the annual CFS-101 report to estimate need; however, states are awarded funds based on availability. These funds require a 25% state or county match and can be cash or in-kind.

Allocations for Permanency Planning Funds are made to county departments of social services (DSS) based on **population**. Jackson and Swain Counties receive an additional allocation for services to federally recognized Native American populations. The Division of Social Services issues program and funding manuals to communicate federal and State requirements to counties which can be located at:

<https://policies.ncdhhs.gov/divisional/social-services/child-welfare/policy-manuals>

County DSS report expenditures on the DSS-1571 Reimbursement Report to receive reimbursement from the state. The allocation can be used to support direct services (provided by agency staff or purchased) and system reform activities (when approved in writing by the Division) aimed at ensuring permanence for children who are in agency custody or have left DSS custody within the previous 12 months. Additional description of how the grant money can be used can be located in the Services Information System

PERMANENCY PLANNING

(SIS) Manual at: <https://policies.ncdhhs.gov/divisional/social-services/services-information-system-sis/policy-manuals> Permanency Planning subrecipients are monitored in accordance to the NC Local County Social Service Agencies Monitoring Plan, found at: [Monitoring | NCDHHS](#).

III COMPLIANCE REQUIREMENTS

Noted below in the following matrix are the types of compliance requirements that are applicable to the federal program. These Types are determined by the federal agency, noted as “Y,” on the “Matrix of Compliance Requirements” located in Part 2 of the OMB 2024 Compliance Supplement; however, the State Agency may have added the Type and this is noted by “Y.” If the State determines that the federal requirement does not apply at the local level or if the State modifies the federal requirements, this is noted in the supplement under the type of compliance requirement. If the federal and/or State agencies have determined that the type is not applicable, it is noted by “N.”

If the Matrix indicates “Y,” the auditor must determine if a particular type of compliance requirement has a direct and material effect on the federal program for the auditee. For each such compliance requirement subject to the audit, the auditor must use the OMB 2024 Compliance Supplement, Part 3 (which includes generic details about each compliance requirement other than Special Tests and Provisions) and Part 4 (which includes any program-specific requirements) to perform the audit.

If there is no program listed on the “Matrix” in Part 2 or Part 4, the State has determined the Type that is applicable. If a Type is determined to be direct and material, the auditor should refer to the requirements found in Part 3 and listed in this supplement.
