SFY 2025 audit confirmation reports for payments made to Counties, Local Management Entities (LMEs), Managed Care Organizations (MCOs), Boards of Education, Councils of Government, District Health Departments and DHSR Grant Subrecipients will be available by mid-October at the following web address: <https://www.ncdhhs.gov/about/administrative-offices/office-controller/audit-confirmation-reports> At this site, click on the link entitled “Audit Confirmation Reports (State Fiscal Year 2024-2025). Additionally, audit confirmation reports for Nongovernmental entities receiving financial assistance from DHHS are found at the same website except select “Non-Governmental Audit Confirmation Reports (State Fiscal Years Oct’ 2023-2025).”

The auditor should not consider the Supplement to be “safe harbor” for identifying audit procedures to apply in a particular engagement, but the auditor should be prepared to justify departures from the suggested procedures. The auditor can consider the supplement a “safe harbor” for identification of compliance requirements to be tested if the auditor performs reasonable procedures to ensure that the requirements in the Supplement are current.

The grantor agency may elect to review audit working papers to determine that audit tests are adequate.

Auditors may request documentation of monitoring visits by the State Agencies.

SPECIAL CHILDREN ADOPTION INCENTIVE FUND

This State compliance supplement must be used in conjunction with the OMB 2025 Compliance Supplement which is scheduled to be issued in May 2025. The OMB supplement will include "Part 3 - Compliance Requirements," for the types that apply, and "Part 6 - Internal Control." If a federal Agency issued guidance for a specific program, this will be included in "Part 4 - Agency Program". The OMB Compliance Supplement is Section A of the State Compliance Supplement.

I. PROGRAM OBJECTIVES

To find permanent homes for children with special needs who would otherwise remain in the foster care system because of a prospective adoptive family's lack of financial resources to meet the child's special needs.

II. PROGRAM PROCEDURES

Special Children Adoption Incentive payments to families are determined on an individual basis. These supplemental payments are made in separate payments to the adoptive parent(s). Monthly requests from counties are not required for the continuation of these payments to the adoptive parents. After approval is given by the Division for a child to receive payments from the Special Children Incentive Fund and the Decree of Adoption has been entered, the Division will submit the payment requests to the Controller's Office. Monthly payments will continue until the county advises the Division to terminate the payments or upon the child's eighteenth birthday. The entire amount of the supplement is paid to the adoptive parents by the State and the State charges the County for its share of the cost.

Participating counties must agree to assume responsibility for 50% of the additional monthly assistance (i.e., in excess of the standard adoption assistance rates) that is paid to the families to eliminate financial disincentives. Foster parents in the participating counties must sign a supplemental adoption assistance agreement.

This fund is based on the principle of "first come, first served". The number of children served will depend on the financial limitation of the fund. The Division prepares the annual CFS-101 report to estimate need; however, states are awarded funds based on availability.

Eligibility for program participation is determined by the Program Coordinator. Funds may be used for expenses related to the child's special needs.

Eligibility for participation in the program is monitored by the Program Coordinator.

Audits are conducted in accordance with the requirements in 2 CFR, Part 200.

III. COMPLIANCE REQUIREMENTS

Noted below in the following matrix are the types of compliance requirements (Types) that are applicable to the federal program. These Types are either determined by the federal agency or the State Agency may have added the Type. This is noted by “Y.” If the State determines that the federal requirement does not apply at the local level or if the State modifies the federal requirements, this is discussed in the supplement under the type of compliance requirement. If the federal and/or State agencies have determined that the type is not applicable, this is indicated by “N.”

If the Type is applicable, the auditor must determine if the Type has a direct and material effect on the federal program for the auditee. The auditor must use the OMB 2025 Compliance Supplement, Part 3 and Part 4 (if an OMB supplement is issued) in addition to this State supplement to perform the audit.

Crosscutting Requirements

The compliance requirements in the Division of Social Services “Crosscutting Requirements” in Section D (Supplement #DSS-0) are applicable to this grant.

A. Activities Allowed or Unallowed

Individuals receiving aid must meet the eligibility requirements defined in the approved state plan and specified in the Child Welfare Funding Manual, Section 1600. A copy of this reference material should be available at the agency, or at the following web site: <https://policies.ncdhhs.gov/wp-content/uploads/appendix-3-2-child-welfare-funding-2.pdf>

There are no income eligibility requirements. In general, these children must have been determined to be eligible to receive a higher board rate as a foster child due to their special needs. The agency must demonstrate that a reasonable, but unsuccessful effort was made to place the child with suitable adoptive parents without providing adoption or medical assistance, unless such efforts would not be in the best interest of the child. Documentation on the eligibility determination process and results should be available on a per-case basis within the agency.

Compliance Requirement – Documentation sufficient to establish eligibility can be in the form of statements of diagnosis and/or prognosis from physicians, psychiatrists, speech and other therapists, etc. Documentation about high-risk potential should be

supported by information about the child's and birth parents' background. This documentation shall be included in the record. Adoptive parents have the responsibility to keep the agency informed of circumstances which would make them ineligible for payments. Agencies must send a yearly notice to adoptive parents to remind them of the responsibility to notify the agency of any changes that could affect benefits, as well as school attendance requirements.

The agency should not require adoptive families to provide written verification of ongoing eligibility, and benefits cannot be terminated even though school attendance requirements are not being met.

Audit Objectives

Determine the required eligibility criteria has been met.

Suggested Audit Procedures

Review the case file to verify the agency utilized the Adoption Assistance Eligibility Checklist and has sufficient documentation to establish eligibility. Documentation can be in the form of statements of diagnosis and/or prognosis from physicians, psychiatrists, speech and other therapists. Documentation about high-risk potential should be supported by information about the child's and birth parents' background.

B. Allowable Costs/Cost Principles

Children receiving benefits must meet the eligibility requirements defined in the approved state plan and specified in Family Services Manual, Volume I, Chapter XIII, Section 1600. A copy of this reference material should be available at the agency, or at the following web site: <https://policies.ncdhhs.gov/wp-content/uploads/appendix-3-2-child-welfare-funding-2.pdf>. There are no income eligibility requirements. In general, these children must have been determined to be eligible to receive a monthly supplemental cash payment above standard adoption assistance rates. The agency must demonstrate that a reasonable, but unsuccessful effort was made to place the child with suitable adoptive parents without providing adoption or medical assistance, unless such efforts would not be in the best interest of the child. Documentation on the eligibility determination process and results should be available on a per-case basis within the agency.

Funds may be used for expenses related to the care, maintenance and wellbeing of the adoptive child.

All grantees that expend State funds (including federal funds passed through the N. C. Department of Health and Human Services) are required to comply with the cost principles described in the N. C. Administrative Code at 09 NCAC 03M .0201.
