Notes to the Schedules

Note 1 - Summary of Significant Accounting and Reporting Policies

- A. Basis of Accounting** - Employers participating in the Teachers' and State Employees' Retirement System (TSERS) plan, the Local Governmental Employees' Retirement System (LGERS) plan, and the Registers of Deeds' Supplemental Pension Fund (RODSPF) are required to report pension information in their financial statements for fiscal periods beginning on or after June 15, 2014, in accordance with Governmental Accounting Standards Board Statement No. 68, *Accounting and Financial Reporting for Pensions* (GASB Statement No. 68). The schedules of employer allocations and the schedules of pension amounts by employer provide employers with the required information for financial reporting.

There are two schedules for each plan (a schedule of employer allocations as of and for the fiscal year ended June 30, 2023, and a schedule of pension amounts by employer as of and for the fiscal year ended June 30, 2023, collectively the "pension schedules") for use by the employers in these plans. The underlying financial information used to prepare the pension schedules is based on TSERS's, LGERS's, and RODSPF's financial statements. The financial statements of these plans are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan. The plans' financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) that apply to governmental accounting for fiduciary funds.

- B. Schedules of Employer Allocations** - The schedules of employer allocations provide information used to allocate the net pension liability (asset) among each of the employers in these plans. While GASB Statement No. 68 allows the employer's proportionate share of the collective pension amounts to be based on historical employer contributions, it encourages the use of the employer's projected long-term contribution effort to the plans. The basis for the employer's proportion should be consistent with the manner in which contributions to the plan are determined.

Contributions to the TSERS and LGERS plans are based on a percentage of salary. The plans' actuary has supplied a schedule of each employer's present value of future salary as the basis for allocating each employer's proportional share of collective amounts. This present value of future salary is based on the plans' actuarial assumptions and reflects the current demographics of each employer, along with the employer's expected long-term contribution effort to these plans.

Contributions to the RODSPF plan are based on a percentage of monthly fees collected by the registers of deeds. The plan's liabilities have been allocated based on actual contribution amounts for the measurement period. Since each employer was active for the entire year, no adjustments for inactive employers or employers that joined the plan during the year were necessary. Employer contributions received by July 31 with pay dates that fall within RODSPF's fiscal year ended June 30, 2023 are used as the basis for determining each employer's proportionate share of the collective pension amounts reported in the schedule of employer allocations.

- C. Schedules of Pension Amounts by Employer** - The schedules of pension amounts by employer provide the amount of net pension liability (asset) as well as deferred inflows and outflows and pension expense to be reported in the financial statements of each employer participant in these plans. Amounts reported on the schedules of pension amounts by employer may not precisely agree with the percentages in the schedules of employer allocations due to the number of decimal places used in allocating the collective pension amounts.

The proportional share of pension expense includes the amortization of the difference between expected and actual experience with regard to economic and demographic factors as well as any changes of assumptions, if applicable, which are amortized over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the pension plans.

Note 2 - Plan Descriptions

A. Teachers' and State Employees' Retirement System

Plan Administration: The State of North Carolina administers the Teachers' and State Employees' Retirement System (TSERS) plan. This plan is a cost-sharing, multiple-employer, defined benefit pension plan established by the State to provide pension benefits for general employees and law enforcement officers (LEOs) of the State, general employees and LEOs of its component units, and employees of Local Education Agencies (LEAs) and charter schools not in the reporting entity. Membership is comprised of employees of the State (state agencies and institutions), universities, community colleges, and certain proprietary component units along with the LEAs and charter schools that elect to join the Retirement System. Benefit provisions are established by General Statute 135-5 and may be amended only by the North Carolina General Assembly. The number of employers receiving allocations on the attached schedule of pension amounts by employer for the fiscal year ended June 30, 2023 is 293.

Management of the plan is vested in the TSERS Board of Trustees, which consists of 13 members – eight appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer, the State Superintendent and the Director of the Office of State Human Resources who serve as ex-officio members.

Benefits Provided: TSERS provides retirement and survivor benefits. Retirement benefits are determined as 1.82% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. General employee plan members are eligible to retire with unreduced retirement benefits at age 65 with five years of membership service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. General employee plan members are eligible to retire with reduced retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of membership service. Survivor benefits are available to eligible beneficiaries of general members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life in

lieu of the return of the member's contributions that is generally available to beneficiaries of deceased members. The plan does not provide for automatic post-retirement benefit increases.

TSERS plan members who are LEOs are eligible to retire with unreduced retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with reduced retirement benefits at age 50 with 15 years of creditable service as an officer. LEOs who complete 25 years of creditable service with 15 years as an officer are eligible to retire with reduced retirement benefits. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service (not including sick leave) regardless of age, or have completed 15 years of creditable service as an LEO and have reached age 50, or have completed five years of creditable service as an LEO and have reached age 55, or have completed 15 years of creditable service as an LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life in lieu of the return of the member's contributions that is generally available to beneficiaries of deceased members.

Contributions: Contribution provisions are established by General Statute 135-8 and may be amended only by the North Carolina General Assembly. Plan members are required to contribute 6% of their annual pay. The contribution rate for employers is set each year by the North Carolina General Assembly in the Appropriations Act and may not be less than the contribution rate required of plan members. The Board of Trustees establishes a funding policy from which an accrued liability rate and a normal contribution rate are developed by the consulting actuary. The sum of those two rates developed under the funding policy is the actuarially determined contribution rate (ADC). The Board of Trustees may further adopt a contribution rate policy that is higher than the ADC known as the required employer contribution to be recommended to the North Carolina General Assembly. The State's and other participating employers' contractually required contribution rate for the year ended June 30, 2023 was 17.38% of covered payroll. This was equal to the actuarially determined contribution. The actuarially determined contribution included 1.24% of covered payroll to satisfy the cost of the one-time cost of living supplement for retirees enacted through Section 39.20.(a) of Session Law 2022-74 and paid in October 2022. This amount, combined with plan member contributions and investment income, funds the benefits earned by plan members during the year, a payment to reduce the net pension liability and administrative expenses.

Refunds of Contributions: Members who have terminated service as contributing members may file an application for a refund of their contributions. By state law, refunds to members include interest (currently 4% per year) regardless of the number of years of retirement service credit or of the reason for separation from service. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to any other retirement or survivor benefit provided by TSERS.

B. Local Governmental Employees' Retirement System

Plan Administration: The State of North Carolina administers the Local Governmental Employees' Retirement System (LGERS) plan. This plan is a cost-sharing, multiple-employer, defined benefit pension plan established by the State to provide benefits

for employees of local governments. Membership is comprised of general employees, local law enforcement officers of participating local government entities, firefighters and rescue squad workers. Benefit provisions are established by General Statute 128-27 and may be amended only by the North Carolina General Assembly. The number of employers receiving allocations on the attached schedule of pension amounts by employer for the fiscal year ended June 30, 2023, is 903.

Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members.

Benefits Provided: LGERS provides retirement, disability and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. General employee plan members are eligible to retire with unreduced retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. General employee plan members are eligible to retire with reduced retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters and rescue squad workers). Disabled members may qualify for disability benefits at earlier ages. Survivor benefits are available to eligible beneficiaries of general employee plan members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad workers who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life in lieu of the return of the member's contributions that is generally available to beneficiaries of deceased members. The plan does not provide for automatic post-retirement benefit increases. Cost of living benefit increases are contingent upon investment gains of the plan at the discretion of the LGERS Board of Trustees, except as authorized by the North Carolina General Assembly.

LGERS plan members who are LEOs are eligible to retire with unreduced retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with reduced retirement benefits at age 50 with 15 years of creditable service as an officer. LEOs who complete 25 years of creditable service with 15 years as an officer are eligible to retire with reduced retirement benefits. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of creditable service as an LEO and have reached age 50, or have completed five years of creditable service as an LEO and have reached age 55, or have completed 15 years of creditable service as an LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life in lieu of the return of the member's contributions that is generally available to beneficiaries of deceased members.

Contributions: Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. Plan members are required to contribute 6% of their annual pay. The required contribution rates for employers are set

periodically and affirmed annually by the LGERS Board of Trustees. The Board establishes a funding policy from which the accrued liability rates and the normal contribution rates are developed by the consulting actuary for general employees and firefighters as well as for law enforcement officers. The sum of those two rates developed under the funding policy and the past service liability contribution rates, if applicable, is the ADC. Further, the required employer contribution rates set by the Board of Trustees may not be less than the normal contribution rates developed under the established funding policy. For the fiscal year ended June 30, 2023, all employers made contributions of 13.10% of covered payroll for law enforcement officers and 12.10% for general employees and firefighters. These were different than the actuarially determined contributions inclusive of the cost of the one-time supplement for retirees approved by the LGERS Board of Trustees in January 2022 and paid in October 2022. The employer contribution rate for law enforcement officers was less than the actuarially determined contribution of 13.44%. The employer contribution rate for general employees and firefighters was greater than the actuarially determined contribution of 11.66%. These amounts, combined with member contributions and investment income, fund the benefits earned by plan members during the year, a payment to reduce the net pension liability, a payment for past service liability, if applicable, and administrative expenses. In addition, employers with an unfunded liability, established when the employer initially enters the system, must make additional contributions towards that liability. The State's responsibility is administrative only.

Refunds of Contributions: Members who have terminated service as contributing members may file an application for a refund of their contributions. By state law, refunds to members include interest (currently 4% per year) regardless of the number of years of retirement service credit or of the reason for separation from service. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to any other retirement or survivor benefit provided by LGERS.

C. Registers of Deeds' Supplemental Pension Fund

Plan Administration: The State of North Carolina administers the Registers of Deeds' Supplemental Pension Fund (RODSPF) which is a cost-sharing, multiple-employer, defined benefit pension plan established by the State of North Carolina to provide supplemental pension benefits for all eligible, retired county registers of deeds. Membership is comprised of registers of deeds who are retired from the Local Governmental Employees' Retirement System (LGERS) or an equivalent locally sponsored plan and have met the statutory eligibility requirements. At June 30, 2023, there were 105 individuals receiving benefits in the plan with 100 counties participating. Benefit provisions are established by General Statute 161-50 and may be amended only by the North Carolina General Assembly. The State's only cost in the plan is administration.

Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members.

Benefits Provided: An individual's eligibility to receive benefits under the RODSPF is based on at least 10 years of service as a register of deeds. An individual's benefit amount in a given year is limited to the lesser of the following:

- 1) The member's years of service multiplied by the value of one share of accumulated contributions available for benefits for that year, as specified in General Statute 161-50.3; and
- 2) The benefit amount is limited to the lesser of the following:
 - a. Seventy-five percent (75%) of a member's annual compensation, computed on the latest monthly rate (including any and all supplements); for registers of deeds who began serving after September 10, 2009, this 75% limit is applied to the benefit after combining the benefit with the maximum retirement allowance upon retirement under the LGERS or equivalent locally sponsored retirement plan; or
 - b. One thousand five hundred dollars (\$1,500).

Because of the statutory limits noted above, not all contributions available for benefits are distributed. The plan does not provide for automatic post-retirement benefit increases.

Contributions: Contribution provisions are established by General Statute 161-50 and may be amended only by the North Carolina General Assembly. Benefits and administrative expenses are funded by investment income and 1.5% of the receipts collected by each County Commission under Article 1 of Chapter 161 of the North Carolina General Statutes. The statutory contribution currently has no relationship to the actuary's required contribution. The actuarially determined contribution for the fiscal year ended 2023 is zero. Registers of deeds do not contribute.

Note 3 - Net Pension Liability (Asset)

The components of the net pension liability (asset) of the participating employers at June 30, 2023, calculated in accordance with GASB Statement No. 67, *Financial Reporting for Pension Plans*, are shown in the following table (dollars in thousands):

	TSERS	LGERS	RODSPF
Total Pension Liability	\$ 97,921,037	\$ 37,828,184	\$ 33,626
Plan Fiduciary Net Position	81,249,054	31,205,097	45,643
Net Pension Liability (Asset)	\$ 16,671,983	\$ 6,623,087	\$ (12,017)
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	82.97%	82.49%	135.74%

The total pension liability is calculated by TSERS's, LGERS's, and RODSPF's actuary. The plans' fiduciary net positions are reported in the State of North Carolina's *Annual Comprehensive Financial Report*. In addition, the net pension liability (asset) is disclosed in the State of North Carolina's notes to the financial statements.

Note 4 - Actuarial Methods and Assumptions

The total pension liability was determined by an actuarial valuation performed as of December 31, 2022. The total pension liability was calculated through the use of update

procedures to roll forward from the actuarial valuation date to the measurement date of June 30, 2023. The update procedures incorporated the actuarial assumptions used in the valuation. The entry age normal actuarial cost method was utilized.

	TSERS	LGERS	RODSPF
	(1)	(1)	(1)
Valuation Date	12/31/22	12/31/22	12/31/22
Inflation	2.5%	2.5%	2.5%
Salary Increases	3.25-8.05%	3.25-8.25%	3.25-8.25%
Investment Rate of Return (2)	6.5%	6.5%	3%

(1) Salary increases include 3.25% inflation and productivity factor.

(2) Investment rate of return includes inflation assumption and is net of pension plan investment expense.

Benefit recipients of TSERS and LGERS received a one-time benefit supplement payment equal to 4% and 2%, respectively, of the member's annual benefit amount, paid in October 2022, as granted by the North Carolina General Assembly for the fiscal year ending June 30, 2023.

Benefit recipients of TSERS received a one-time benefit supplement payment equal to 4% of the member's annual benefit amount, paid in November 2023, as granted by the North Carolina General Assembly for the fiscal year ending June 30, 2024.

These one-time supplements for benefit recipients of TSERS and LGERS do not change the ongoing monthly benefits, and absent additional action by governing authorities, the payments will not recur in future years.

The retirement plans currently use mortality tables that vary by age, gender, employee group (i.e. teacher, general, law enforcement officer), and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. public plan population. The mortality rates also contain a provision to reflect future mortality improvements.

Future and ad hoc cost-of-living adjustment amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The actuarial assumptions used in the December 31, 2022 valuations were based on the results of an actuarial experience review for the period January 1, 2015 through December 31, 2019. This actuarial experience review is reflected in the schedule of pension amounts by employer as a deferred outflows of resources in the column titled changes of assumptions. Certain changes of assumptions subsequent to the experience review are also reflected as deferred outflows on the schedule of pension amounts by employer.

Discount Rate: The discount rate used to measure the total pension liability was 6.5% except for RODSPF which was 3% for the December 31, 2022 valuation. This discount rate is in line with the long-term nominal expected return on pension plan investments. The calculation of the net pension liability (asset) is a present value calculation of the future net pension payments. These net pension payments assume that contributions from plan members will be made at the current statutory contribution rate and that contributions from employers will be made at the contractually required rates, actuarially determined. Based on those assumptions, the plans' fiduciary net position was projected to be available to make all projected future

benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Note 5 - Collective Pension Expense

The components of collective pension expense for the year ended June 30, 2023, to be recognized in 2024, are as follows (dollars in thousands):

	TSERS	LGERS	RODSPF
Service Cost	\$ 1,932,122	\$ 917,160	\$ 1,151
Interest Cost on Total Pension Liability	6,027,474	2,312,550	1,025
Member Contributions	(1,059,460)	(524,830)	-
Plan Changes	213,711	-	-
Projected Earnings on Plan Investments	(5,067,648)	(1,936,517)	(1,400)
Administrative Expense	16,093	6,407	20
Other	(10,419)	(3,050)	-
Recognition (Amortization) of Deferred Inflows and Outflows of Resources:			
Difference Between Expected and Actual Experience	438,427	382,459	(224)
Difference Between Projected and Actual Earnings on Plan Investments	1,223,353	466,711	1,336
Changes in Assumptions	585,498	281,445	701
Collective Pension Expense	<u>\$ 4,299,151</u>	<u>\$ 1,902,335</u>	<u>\$ 2,609</u>

Note 6 - Deferred Outflows of Resources and Deferred Inflows of Resources

The recognition period for amortizing the deferred outflows and deferred inflows of resources is set forth by GASB Statement No. 68, paragraph 71. Depending on the specific deferral, the period is defined as either a fixed five year period or the average expected remaining service life of all members in these plans. The following tables present a summary of changes in the deferred outflows of resources and deferred inflows of resources (excluding employer specific amounts) for the year ended June 30, 2023 (dollars in thousands):

TSERS: The average remaining service lives of all employees for TSERS is four years for the years ended June 30, 2023, 2022, 2021, and 2020. The remaining unamortized balance is included in either deferred outflows of resources or in deferred inflows of resources as indicated.

	Year of Deferral	Amortization Period	Beginning of Year Balance	Additions	Deductions	End of Year Balance
Deferred Outflows of Resources						
Change in Assumptions	2021	4.00	\$ 1,170,996	\$ -	\$ 585,498	\$ 585,498
Differences Between Expected and Actual Experience	2020	4.00	64,624	-	64,624	-
Differences Between Expected and Actual Experience	2023	4.00	-	1,812,215	453,054	1,359,161
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	2019-2023	5.00	4,874,786	991,713	1,223,353	4,643,146
Total			<u>\$ 6,110,406</u>	<u>\$ 2,803,928</u>	<u>\$ 2,326,529</u>	<u>\$ 6,587,805</u>
Deferred Inflows of Resources						
Difference Between Expected and Actual Experience	2021	4.00	\$ 70,898	\$ -	\$ 35,449	\$ 35,449
Differences Between Expected and Actual Experience	2022	4.00	131,404	-	43,802	87,602
Total			<u>\$ 202,302</u>	<u>\$ -</u>	<u>\$ 79,251</u>	<u>\$ 123,051</u>

Notes to the Schedules

LGERS: The average remaining service lives of all employees for LGERS is four years for the years ended June 30, 2023, 2022, 2021 and 2020, and five years for the year ended June 30, 2019. The remaining unamortized balance is included in either deferred outflows of resources or in deferred inflows of resources as indicated.

	Year of Deferral	Amortization Period	Beginning of Year Balance	Additions	Deductions	End of Year Balance
Deferred Outflows of Resources						
Differences Between Expected and Actual Experience	2019	5.00	\$ 50,571	\$ -	\$ 50,571	\$ -
Differences Between Expected and Actual Experience	2020	4.00	44,487	-	44,487	-
Differences Between Expected and Actual Experience	2021	4.00	148,026	-	74,014	74,012
Differences Between Expected and Actual Experience	2023	4.00	-	885,328	221,332	663,996
Changes in Assumptions	2021	4.00	562,888	-	281,445	281,443
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	2019-2023	5.00	1,864,551	374,788	466,711	1,772,628
Total			<u>\$ 2,670,523</u>	<u>\$ 1,260,116</u>	<u>\$ 1,138,560</u>	<u>\$ 2,792,079</u>
Deferred Inflows of Resources						
Differences Between Expected and Actual Experience	2022	4.00	<u>\$ 23,833</u>	<u>\$ -</u>	<u>\$ 7,945</u>	<u>\$ 15,888</u>

RODSPF: The average remaining service lives of all employees for RODSPF is 3 years for the years ended June 30, 2023, 2022, and 2021. The remaining unamortized balance is included in either deferred outflows of resources or in deferred inflows of resources as indicated.

	Year of Deferral	Amortization Period	Beginning of Year Balance	Additions	Deductions	End of Year Balance
Deferred Outflows of Resources						
Differences Between Expected and Actual Experience	2021	3.00	\$ 102	\$ -	\$ 102	\$ -
Changes in Assumptions	2021	3.00	701	-	701	-
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	2019-2023	5.00	5,503	1,937	1,336	6,104
Total			<u>\$ 6,306</u>	<u>\$ 1,937</u>	<u>\$ 2,139</u>	<u>\$ 6,104</u>
Deferred Inflows of Resources						
Differences Between Expected and Actual Experience	2022	3.00	\$ 240	\$ -	\$ 120	\$ 120
Differences Between Expected and Actual Experience	2023	3.00	-	618	206	412
Total			<u>\$ 240</u>	<u>\$ 618</u>	<u>\$ 326</u>	<u>\$ 532</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources (excluding employer specific amounts) related to pensions will be recognized in pension expense and are shown in the following table (dollars in thousands):

<u>Year Ending June 30:</u>	<u>TSERS</u>	<u>LGERS</u>	<u>RODSPF</u>
2024	\$ 2,113,139	\$ 1,010,457	\$ 1,401
2025	1,165,042	506,181	2,014
2026	2,988,232	1,184,597	1,772
2027	198,341	74,956	385
2028	-	-	-
Total	<u>\$ 6,464,754</u>	<u>\$ 2,776,191</u>	<u>\$ 5,572</u>

Note 7 - Additional Financial and Actuarial Information

These schedules are designed to provide employers information for preparation of disclosures in accordance with GASB Statement No. 68. Additional financial information for TSERS, LGERS, and RODSPF (including the disclosure of the net pension liability/asset) is located in the State of North Carolina's *Annual Comprehensive Financial Report* for the fiscal year ended June 30, 2023. The additional financial and actuarial information is available at <https://www.osc.nc.gov/public-information/2023-annual-comprehensive-financial-report> or by contacting the North Carolina Retirement Systems at:

3200 Atlantic Avenue

Raleigh, North Carolina 27604
