Welcome to the Local Governmental Employees' Retirement System! You are now part of one of the five best pension plans in the country, according to S&P Global.

The Local Governmental Employees' Retirement System (LGERS) is a pension plan administered by the North Carolina Total Retirement Plans within the Department of State Treasurer (DST). Here, our mission is to preserve and protect this benefit for current and future public employees in North Carolina.

Partners in Planning for Your Retirement
DST is excited to partner with you during and after your service to North Carolina. In this partnership, our role at DST is to maintain the integrity and sustainability of the NC Total Retirement Plans. Your role is to make sure you’re doing all you can to secure your financial future. Each month, you, your employer and DST (through investment gains) contribute to your retirement account. As you can see in the graphic, your employer and the pension system are investing a lot in you because your work to this state is highly valued!

Many financial experts suggest that individuals will need a monthly income in retirement equal to 80 percent of their pre-retirement pay. When planning for a secure retirement, I encourage you to determine how much retirement income you’ll need to feel secure after you stop working. As you make that determination, I urge you to consider not only your LGERS benefits but your personal savings as well. We have some amazing supplemental retirement plans available exclusively to the public employees in North Carolina. The NC 401(k) and NC 457 plans have some of the lowest fees in the nation and are a great way to make sure that your retirement income will support the lifestyle you imagine.

Understanding Your Pension Benefit
In this handbook you’ll find all the details you need to understand your retirement options. You’ll also find many of the tools and resources you need to make informed decisions about your retirement on ORBIT, our secure web portal, at ORBIT.MyNCRetirement.com. Once you’ve registered, you’ll be able to safely and securely manage your pension account and stay informed. You can also visit our website at www.MyNCRetirement.com for additional retirement resources.

If you have questions specific to you, contact the North Carolina Total Retirement Plans at the number below. Our retirement counselors can assist with the status of an application or answer questions about your LGERS retirement benefits.

Thank you for your service to the people of North Carolina, and we look forward to working with you!

Sincerely,

Dale Folwell, CPA

Section 1: About Your Retirement System

The Local Governmental Employees’ Retirement System (LGERS) is a defined benefit plan qualified under Section 401(a) of the Internal Revenue Code. Defined benefit plans use a formula to calculate monthly retirement benefits once eligibility requirements have been met. This handbook explains LGERS benefit eligibility requirements and the formula used to calculate benefits. Terms in bold type are defined in Section 15 – Glossary of Terms.

Paying for Your Retirement Benefits

You, your employer and the investment earnings on total contributions pay the cost of providing your retirement benefits.

Your share of the cost is currently 6 percent of your compensation, and it is automatically deducted from your paycheck. Your compensation includes all eligible salaries and wages, as defined by statute, paid to you from public funds, earned at your covered job while working for your employer.

Your employer’s share of the cost is based on calculations prepared by an actuary.

Tax Savings

Beginning July 1, 1982, if your employer adopted a resolution to have your contributions made on a before-tax basis, your contributions have been tax-deferred. This means your contributions are deducted from your pay before taxes are calculated, and you pay taxes on them when you begin receiving monthly retirement benefits or if you elect a refund of your contributions. This is a benefit to you because your current taxable income is lowered and the amount of annual taxes you pay is less than if you made contributions after paying taxes. See pages 27-28 for more information about your tax liability on benefits.

Investing Contributions

Contributions to LGERS are invested by the Department of State Treasurer and these funds are protected by the Constitution of North Carolina from being used for any purpose other than retirement system benefits and expenses.

ORBIT Secure Account

ORBIT is a secure site that allows you to view your personal account information, download retirement forms, and access retirement resources 24 hours a day, seven days a week. To set up or log in to your personal ORBIT account, go to our website at www.MyNCRetirement.com, click on the ORBIT icon and follow the log in instructions. See page 36 for more information about ORBIT.
Section 2: Membership in LGERS

You become an LGERS member on your hire date (or after a required local unit waiting period) if you are employed by a participating unit in a regular position that requires at least 1,000 hours of work in a calendar year. You will not be a contributing member of LGERS if your work is considered temporary employment or statutorily-required interim employment. See page 30 for definitions of temporary and statutorily-required interim employment.

A participating unit is any county, city, town or other local government that has agreed to participate in LGERS.

If you are an Agricultural Extension Service employee and a member of the Federal Employees’ Retirement System, you may not join LGERS. Contact your employer for more details about the alternate systems.

Designating Beneficiaries

After your employer enrolls you in LGERS, you should name beneficiary(ies) to receive a return of your retirement contributions and, if applicable, a death benefit, should you die before retirement. To add or change beneficiaries, log in to ORBIT, or complete Form 2C (Designating Beneficiaries).

Forfeiting Eligibility for Criminal Offenses

Elected government officials who were not vested on July 1, 2007, will forfeit their right to a monthly benefit from LGERS if convicted of certain state or federal offenses related to their service as an elected official. Elected officials who were vested on July 1, 2007, are not entitled to creditable service accrued in LGERS after July 1, 2007, if convicted of certain state and federal offenses related to their service as an elected official.

If you were not vested as of December 1, 2012, and are convicted of a state or federal felony directly related to your employment while in service under LGERS, you are prohibited from receiving any retirement benefit other than a return of your contributions plus interest. If you were vested as of December 1, 2012, you are prohibited from receiving any retirement benefit for service rendered after December 1, 2012, other than a return of your contributions plus interest for the period of service after December 1, 2012.
Section 3: Qualifying for Benefits

Vesting

You become vested in LGERS once you have completed a minimum of five years of creditable service. This means that you are eligible to apply for lifetime monthly retirement benefits based on the retirement formula in effect at the time of your retirement and the age and service requirements described in this handbook, provided you do not withdraw your contributions.

Service Retirement (Unreduced Benefits)

You may retire with an unreduced service retirement benefit after you:
- Reach age 65 and complete five years of creditable service
- Reach age 60 and complete 25 years of creditable service
- Complete 30 years of creditable service at any age

Early Retirement (Reduced Benefits)

You may retire early with a reduced retirement benefit after you:
- Reach age 50 and complete 20 years of creditable service
- Reach age 60 (age 55 if you are a firefighter or rescue squad worker) and complete five years of creditable service

Your early retirement benefit is calculated using the same formula as a service retirement benefit multiplied by a reduction percentage based on your age and/or service at early retirement. Because your benefit may be paid over a longer period of time than if you had waited until being eligible for service retirement, your benefit will be reduced. The tables on pages 11 and 12 show the effects these reductions would have on your benefit.

Vested Deferred Benefit

If you leave LGERS for any reason other than retirement or death, you can either receive a refund of your contributions, plus interest, or leave your contributions in LGERS and keep all the creditable service you earned to that date.

You may be entitled to receive a deferred benefit at a later date once you meet eligibility requirements after you have completed five years of creditable service, provided you do not withdraw your contributions. Your benefit is calculated using the formula in effect on your retirement date. It is based on your average final compensation and years of creditable service at that time.
Refund of Contributions

If you leave LGERS before you have five years of creditable service, the only payment you can receive is a refund of your contributions and interest.

State law prohibits us from making a refund earlier than 60 days after you leave covered employment. If you withdraw your retirement contributions, you forfeit your retirement service credit and rights to all benefits associated with the service for that time period, including medical coverage through the State Health Plan, if applicable.

However, if you leave LGERS employment and you do not take a refund, you will retain your benefits and rights should you return to LGERS service at a later time.

Set by state law, the interest credited on your contributions and paid with a refund is 4 percent compounded annually on your prior-year ending balance.

To receive a refund, complete Form 5 (Withdrawing Your Retirement Service Credit and Contributions).

Transferring Service & Contributions Between Systems

You can transfer your contributions and creditable service between LGERS and TSERS as long as you are an eligible member of the system to which you are transferring, do not receive a refund of your contributions from the system from which you are transferring and file Form 5TR (Transferring Service and Contributions Between Systems).

Transferred creditable service counts toward your eligibility for a monthly benefit and is used to compute the amount of your benefit. Overlapping transferred service cannot be counted twice for the same time period.

Required Distributions After Age 70½

In most cases, LGERS is required to pay benefits to non-retired members with open LGERS accounts by April 1 of the year following the year in which the member reaches age 70½ or ceases to be an employee, whichever is later. Members who are vested (five or more years of creditable service) who fail to complete the retirement process will receive a monthly retirement benefit based on the Maximum Allowance. Non-vested members who fail to complete a refund application will receive a refund of their contributions and interest at age 70½.
Section 4: How Your Benefit is Calculated

Retirement Formula:

Your annual benefit = 1.85% of average final compensation x years and months of creditable service

Average final compensation is the average of your salary during your four highest-paid years in a row. If your four highest-paid years in a row include a final payment for unused vacation leave and/or prorated longevity, your average final compensation may be increased by the extra payment(s). Final payments, if any, for unused sick leave or reimbursements for expenses are not includable in your average final compensation.

Creditable service is the total of all service credit that counts toward retirement. It includes membership service for any period you contribute to LGERS, provided you have not withdrawn your contributions. It also includes credit for eligible purchased service and eligible unused sick leave that is converted to creditable service at retirement. See pages 19-21 for more details.

Service Retirement Calculation Example

Assume employee Mary Benson retires at age 60 with 32 years and two months of creditable service and an average final compensation of $40,331. Because Mary has more than 30 years of creditable service at retirement, she receives her basic benefit of about $24,000 a year (about $2,000 monthly) for the rest of her life under the maximum allowance. Monthly payments would stop at her death.

The following table shows how we calculate Mary’s benefit. Use the spaces in the right-hand column to fill in your figures for an estimate of your benefit.
### Section 4: How Your Benefit is Calculated

#### Step 1
Add your salary during your 4 highest-paid years in a row

<table>
<thead>
<tr>
<th>Year</th>
<th>Salary</th>
<th>Total</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>$</td>
<td>$161,324</td>
</tr>
<tr>
<td>2</td>
<td>$</td>
<td>$161,324</td>
</tr>
<tr>
<td>3</td>
<td>$</td>
<td>$161,324</td>
</tr>
<tr>
<td>4</td>
<td>$</td>
<td>$161,324</td>
</tr>
</tbody>
</table>

Then, divide the total by 4 to get your average final compensation

| Average Final Compensation | $40,331 |

#### Step 2
Multiply Step 1 by .0185 to apply the retirement formula* (see page 9)

<table>
<thead>
<tr>
<th>Step 1</th>
<th>$40,331</th>
</tr>
</thead>
<tbody>
<tr>
<td>$</td>
<td>$</td>
</tr>
<tr>
<td>.0185</td>
<td>$</td>
</tr>
<tr>
<td>Total</td>
<td>$746.12</td>
</tr>
</tbody>
</table>

#### Step 3
Determine your creditable service (see pages 19-21)

| Creditable Service | 32.1667 years |

#### Step 4
Calculate your annual benefit* by multiplying Step 2 by Step 3

<table>
<thead>
<tr>
<th>Step 2</th>
<th>$746.12</th>
</tr>
</thead>
<tbody>
<tr>
<td>Step 3</td>
<td>$</td>
</tr>
<tr>
<td>$</td>
<td>$</td>
</tr>
<tr>
<td>32.1667</td>
<td>$24,000.22</td>
</tr>
</tbody>
</table>

#### Step 5
Calculate your monthly benefit* by dividing Step 4 by 12

<table>
<thead>
<tr>
<th>Step 4</th>
<th>$24,000.02</th>
</tr>
</thead>
<tbody>
<tr>
<td>$</td>
<td>$</td>
</tr>
<tr>
<td>12</td>
<td>$2,000.02</td>
</tr>
</tbody>
</table>

*Remember, if you retire early, these numbers will change. See next page for how to calculate early retirement amounts.
Section 4:  How Your Benefit is Calculated

If you are between ages 50 and 59, with fewer than 30 years of creditable service, your early retirement will be reduced to the percentages shown in the table on below.

If you are a firefighter or rescue squad worker between age 55 and 60 with five to 20 years of creditable service, your early retirement will be reduced to the percentages shown below in the 20 years of creditable service column.

<table>
<thead>
<tr>
<th>Age</th>
<th>Years of Creditable Service</th>
</tr>
</thead>
<tbody>
<tr>
<td>29</td>
<td>28</td>
</tr>
<tr>
<td>59</td>
<td>95%</td>
</tr>
<tr>
<td>58</td>
<td>95%</td>
</tr>
<tr>
<td>57</td>
<td>95%</td>
</tr>
<tr>
<td>56</td>
<td>95%</td>
</tr>
<tr>
<td>55</td>
<td>95%</td>
</tr>
<tr>
<td>54</td>
<td>95%</td>
</tr>
<tr>
<td>53</td>
<td>95%</td>
</tr>
<tr>
<td>52</td>
<td>95%</td>
</tr>
<tr>
<td>51</td>
<td>95%</td>
</tr>
<tr>
<td>50</td>
<td>95%</td>
</tr>
</tbody>
</table>

**Early Retirement Calculation Example**

Assume employee Fred Wise retires at age 61 with 24 years and three months of creditable service and an average final compensation of $40,331.

Here is how we calculate this benefit

\[
\begin{align*}
\text{average final compensation} & \quad 40,331.00 \\
\times & \quad 0.0185 \\
\text{creditable service} & \quad 746.12 \\
\times & \quad 24.25 \\
\text{benefit} & \quad 18,093.41
\end{align*}
\]

Fred receives a benefit under the maximum allowance of about $15,922 a year (about $1,326 monthly). His payment will start at age 61 and continue for the rest of his life. Assume, however, that Fred is age 59 instead of age 61. With 24.25 years of creditable service, his early service retirement reduction percentage is 0.80 instead of 0.88. In this case, Fred receives a benefit under the maximum allowance of about $14,474 a year (about $1,206 a month). His payment will start at age 59 and continue for the rest of his life.
Section 4: How Your Benefit is Calculated

Early Retirement Reduction Percentages

Your age at retirement is an important factor in determining your monthly benefit. As you saw on page 7, if you do not meet the requirements for a full service retirement, you may still retire early, but you will receive a reduced monthly benefit for your lifetime.

Early retirement benefits are calculated using the same formula as a service retirement multiplied by a reduction percentage based on your age and/or service at early retirement. If you are between ages 60 and 65, with less than 25 years of creditable service, your early service retirement benefit will be reduced to the following percentages. If you are between birthdays when payments start, the reduction will be adjusted proportionately.

<table>
<thead>
<tr>
<th>If you are this age when payments start</th>
<th>You receive this percentage of your benefit</th>
</tr>
</thead>
<tbody>
<tr>
<td>64</td>
<td>97%</td>
</tr>
<tr>
<td>63</td>
<td>94%</td>
</tr>
<tr>
<td>62</td>
<td>91%</td>
</tr>
<tr>
<td>61</td>
<td>88%</td>
</tr>
<tr>
<td>60</td>
<td>85%</td>
</tr>
</tbody>
</table>
### Section 4: How Your Benefit is Calculated

#### Examples of Benefits Paid

The following chart shows the approximate monthly benefit paid under the maximum allowance option at various salary levels, depending on age and creditable service. These are only examples. Your own benefit is calculated individually and depends on your age, creditable service and average final compensation.

<table>
<thead>
<tr>
<th>Average Final Compensation</th>
<th>Age</th>
<th>Yrs. of Service</th>
<th>50</th>
<th>55</th>
<th>60</th>
<th>N/A</th>
<th>N/A</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>20</td>
<td></td>
<td>$80,000</td>
<td>$70,000</td>
<td>$60,000</td>
<td>$55,000</td>
<td>$50,000</td>
</tr>
<tr>
<td></td>
<td>28</td>
<td></td>
<td>$1,233</td>
<td>$1,079</td>
<td>$925</td>
<td>$847</td>
<td>$770</td>
</tr>
<tr>
<td></td>
<td>25</td>
<td></td>
<td>$3,108</td>
<td>$2,719</td>
<td>$2,331</td>
<td>$2,136</td>
<td>$1,942</td>
</tr>
<tr>
<td></td>
<td>30</td>
<td></td>
<td>$3,083</td>
<td>$2,697</td>
<td>$2,312</td>
<td>$2,119</td>
<td>$1,927</td>
</tr>
<tr>
<td></td>
<td>40</td>
<td></td>
<td>$3,700</td>
<td>$3,237</td>
<td>$2,775</td>
<td>$2,543</td>
<td>$2,312</td>
</tr>
</tbody>
</table>

This chart represents the approximate monthly benefit paid under the maximum allowance option at various salary levels, depending on age and creditable service. Your own benefit is calculated individually and depends on your age, creditable service and average final compensation.
**Benefit Limitations**

Occasionally, a retiree may be subject to the benefit limitations described below:

- **Contribution-Based Benefit Cap**

  As a member of LGERS, you contribute six percent of your monthly income toward your retirement. If you receive significant salary increases in the years before retirement or over the course of your career, your monthly retirement benefit at retirement may exceed what your contributions will fund. Significant late-career promotions, conversion of benefits into compensation, and leave payouts at retirement may also cause your monthly retirement benefit to exceed what your contributions will fund. Without a method to recover the funds, these substantial unforeseen costs will erode the integrity of the retirement systems. To protect this system for current and future retirees a Contribution-Based Benefit Cap was created.

  If you retire on or after January 1, 2015, with an average final compensation (AFC) of $100,000 or more (adjusted annually for inflation), you may fall under a contribution-based benefit cap.

  If you were first hired before January 1, 2015, your last employer will be required to pay the additional contribution if it is determined that your allowance is in excess of the cap and is subject to an adjustment. LGERS will notify your employer and will provide a statement of the cost of the additional contribution required to pay for your benefit in excess of the cap.

  If you were first hired on or after January 1, 2015, your employer may choose whether or not to pay this additional contribution; if your employer chooses not to pay, you will be required to accept a benefit reduced to the benefit cap unless you pay the additional contribution. TSERS will notify you and will provide a statement of the cost of the additional contribution required to pay for your benefit in excess of the cap, along with the deadline to submit permit.

- **IRC Section 415(b) Annual Pension Benefit Limit**

  If you are a highly compensated employee, your LGERS benefits may be subject to the Internal Revenue Code (IRC) section 415(b) annual pension benefit limit. The determination of whether your retirement benefit will be subject to the limit can only be made at retirement. The limit varies every year, so your benefit could be affected one year but not the next. The limit varies each year and is set by the IRS. The limit is affected by many factors that were established by the IRS that may or may not apply to a particular individual.

  Legislation enacted by the 2013 General Assembly established a Qualified Excess Benefit Arrangement (QEBA) fund to pay the part of a retiree’s retirement allowance that exceeds the limit. Members hired prior to January 1, 2015, are eligible to receive benefit payments from the QEBA fund.
Section 5: Your Benefit Payment Options

At retirement, you must elect one of the payment options described on page 16. On average, the payment options are mathematically equal to one another. That is, each option is calculated so that its total value is the same as the value of the other options if you and the beneficiary you name (if any) to receive a monthly payment after your death live your expected life spans.

Considering Your Options

First, decide whether you need a payment option that provides a monthly benefit to a beneficiary after your death. If you do not select one of these options, all of your retirement benefits will be used to provide you with a lifetime monthly payment that stops at your death.

Your choice of payment options is personal and should take into account your needs during retirement and the needs of a dependent, if any, after your death. Neither the payment plan selected by a co-worker nor the one selected by the largest number of retirees should have any effect on your personal decision.

Permanent Decision

You cannot change your selected payment option once you cash your first retirement check or after the 25th of the month following the month your first check is mailed (whichever is earlier) except under one of the following two conditions:

- If you select an option that provides a monthly benefit to your spouse as a beneficiary after your death (Option 2, 3, 6-2 or 6-3) and later become divorced from that spouse.
- If you are rehired in a position covered by LGERS and contribute to your new account for at least three years.
Section 5: Your Benefit Payment Options

Here are Your Benefit Payment Options:

- **Maximum Allowance**

  When you retire with a service retirement benefit, your basic benefit is the maximum allowance and is calculated under the formula on page 9. If you retire early, your maximum allowance is calculated using the same formula, which is then reduced for early retirement. In either case, you will receive your maximum allowance for as long as you live. All monthly payments stop at your death.

- **Option 2: 100% Joint & Survivor**
  - You receive reduced monthly payments for life.
  - After you die, your monthly survivor beneficiary receives the same amount monthly for life.

- **Option 3: 50% Joint & Survivor**
  - You receive reduced monthly payments for life which are slightly larger than the payments in Option 2.
  - After you die, half of your payment continues to your monthly survivor beneficiary for life.

- **Option 4: Social Security Leveling**
  - You receive larger monthly payments than you would otherwise be entitled to receive until you are eligible for Social Security at age 62.
  - Beginning the month after the month of initial entitlement for Social Security age 62 benefits, your monthly payments will be reduced to an amount that is less than what you would otherwise be entitled to receive. Nevertheless, your reduced retirement payments after age 62, plus your allowance from the Social Security Administration, should be approximately the same amount as the inflated payment you received from LGERS before age 62.
  - The actual amount of your retirement payments both before and after age 62 will be based on the estimate of benefits you provide to us from the Social Security Administration before your retirement.
  - All monthly payments stop at your death.

The reduction in your monthly retirement payments after age 62 allows us to recover the inflated amounts you received before age 62.

Any percentage increase you are granted in your retirement benefit before age 62 will be applied to the inflated benefit you are receiving at that time. However, when you reach age 62, your retirement benefit will be reduced to the original amount promised after age 62 plus the percentage increases (not the dollar amount of increases) granted before age 62.
Section 5: Your Benefit Payment Options

- **Option 6–2: Modified Joint & Survivor (combination Maximum Allowance and Option 2)**
  - You receive reduced monthly payments for life.
  - After you die, your monthly survivor beneficiary receives the same amount monthly for life.
  - However, if your beneficiary dies before you do, your monthly payments increase to the amount payable under the maximum allowance.

- **Option 6–3: Modified Joint & Survivor (combination Maximum Allowance and Option 3)**
  - You receive reduced monthly payments for life.
  - After you die, half of your payment continues to your monthly survivor beneficiary for life.
  - However, if your beneficiary dies before you do, your monthly payments are increased to the amount payable under the maximum allowance.

It is important to note that if you select a benefit payment option that names a beneficiary, you should immediately notify the Retirement Systems if that person dies before you.

**NOTE:** Under Options 2, 3, 6-2 and 6-3, you may name only one beneficiary to receive a monthly survivor benefit after your death. You may not change your survivor beneficiary after you retire except under one of the following circumstances:

- If you named your spouse as survivor beneficiary at the time of retirement and later become divorced from that spouse.

- If you return to employment covered under LGERS and contribute to a new retirement account for at least three years.

- If you chose Option 2 or 3 at retirement, and designated your spouse as survivor beneficiary, and this spouse dies before you, and you remarry, you may request to nominate your new spouse as your beneficiary within 90 days of your remarriage under the same option you chose at retirement. Contact our office and we will mail you a letter outlining the documents we need to make the change. You must file this redesignation with LGERS within 120 days of your remarriage.

Your new benefit will be reduced on the basis of your age and the age of your spouse at the time of the change. The benefit payable to you will be the benefit you received before the death of your previous spouse, additionally reduced to cover your new spouse as beneficiary.
Example of Payment Options

Assume John Murphy has earned a service retirement benefit under the maximum allowance of $2,000 a month. He wants to share his benefit with his wife, Pam, who is 51 when John retires at 57 after 30 years and three months of creditable service. The table below shows how much John and Pam would receive monthly under each payment option.

<table>
<thead>
<tr>
<th>Payment Option</th>
<th>To John</th>
<th>To Pam After John’s Death</th>
</tr>
</thead>
<tbody>
<tr>
<td>Maximum Allowance</td>
<td>$2,000 monthly</td>
<td>$0.00</td>
</tr>
<tr>
<td>Option 2</td>
<td>$1,834.60 monthly</td>
<td>$1,834.60 monthly</td>
</tr>
<tr>
<td>Option 3</td>
<td>$1,913.80 monthly</td>
<td>$956.90 monthly</td>
</tr>
<tr>
<td>Option 4*</td>
<td>$2,650.90 monthly up to age 62,</td>
<td></td>
</tr>
<tr>
<td></td>
<td>$1,650.90 monthly thereafter</td>
<td>$0.00</td>
</tr>
<tr>
<td>Option 6-2</td>
<td>$1,822.60 monthly; if Pam dies</td>
<td>$1,822.60</td>
</tr>
<tr>
<td></td>
<td>before John, he receives $2,000</td>
<td></td>
</tr>
<tr>
<td></td>
<td>monthly thereafter</td>
<td></td>
</tr>
<tr>
<td>Option 6-3</td>
<td>$1,907.20 monthly; if Pam dies</td>
<td>$953.60 monthly</td>
</tr>
<tr>
<td></td>
<td>before John, he receives $2,000</td>
<td></td>
</tr>
<tr>
<td></td>
<td>monthly thereafter</td>
<td></td>
</tr>
</tbody>
</table>

*Assumes John’s primary Social Security benefit is $1,000 a month at age 62.

These are only examples. Your own benefit is calculated individually and the actual amounts of your payment options are based on many factors, such as your age, your beneficiary’s age and when payments start.
Section 6: Adding to Your Creditable Service

Your benefit at retirement is based, in part, on your creditable service. Creditable service includes your years and months of membership service in which you contributed to LGERS and may also include prior service credit, sick leave credit, military service credit and certain types of purchased service credit, which are described below.

- **Prior Service**

  If you were employed by your employer before its participation in LGERS, you may have received credit for your service before you became a member.

- **Sick Leave**

  Unused sick leave can be converted to additional retirement service credit at the time of your retirement if all of the following conditions are met:

  - Your sick leave was earned under a duly adopted sick leave policy.
  - You would receive full salary when using the sick leave if absent from work because of illness.
  - You have not, and will not, receive any compensation for this sick leave.
  - Your last day of service with your last participating LGERS employer is within 365 days before your LGERS effective date of retirement.

  When you retire, you are allowed one month of credit for each 20 days of unused sick leave. For any part of 20 days left over, one additional month is allowed provided the remaining portion is at least one hour.

  A sick leave “day” is determined by your employer’s sick leave accrual policy and may or may not be equal to eight hours. For example, assume John Smith earns one day of sick leave per month under his employer’s sick leave accrual policy while working an extended shift of 12 hours per day and he accrues 12 hours of sick leave each month. When his employer certifies his unused sick leave on his retirement application (Form 6), for each 12 hours of eligible unused sick leave, his employer should report one day of unused sick leave, rather than 1.5 days.

  In another example, assume Mary Brown earns one day of sick leave per month while working 7.5 hours per day and accrues 7.5 hours of sick leave each month. When her employer certifies her unused sick leave on her Form 6, for each 7.5 hours of eligible unused sick leave, her employer should report one day of unused sick leave.
Section 6: Adding to Your Creditable Service

Sick leave is used to increase your creditable service, but it cannot be used to meet the minimum qualifications for a disability retirement benefit or deferred benefit. You may use your sick leave to complete 30 years of service regardless of age, 25 years of service after age 60, 20 years of service after age 50, and five years of service at or after age 60 (age 55 if you are a firefighter or rescue squad worker).

- **Military Service**

You may receive retirement credit for up to five years of qualifying military service at no cost if you were an eligible LGERS member when you entered active duty, and:

- You returned to employment for 10 or more years with the same LGERS employer after discharge from the military, or
- You returned to LGERS membership service within the time limit mandated by federal law for reporting back to work and meet all of the following requirements:
  - You did not provide written notice of intent not to return to work after military service.
  - You are not eligible for benefits from any other retirement plan based on this service.
  - You purchased your LGERS withdrawn service credit, if any.

Your LGERS employer is required to pay the employer and employee contributions to LGERS for the full period of your military service under the above provisions if you return to work within two years after your earliest military discharge date.

If you are ineligible for free credit under these rules, you may be eligible to buy credit for your first period plus later required periods of active duty by making a lump-sum payment.

To be eligible to purchase military service credit, you must have contributed to LGERS for five years. Your cost will be equal to the full actuarial liabilities created from the additional credit purchased.

If your military service is creditable in another retirement system, generally you will not be eligible to purchase credit in LGERS.

- **Withdrawn Service**

If you have ever received a refund of your contributions from LGERS, TSERS, or the former Law Enforcement Officers’ Retirement System, you may be eligible to purchase, with a lump-sum payment, in LGERS, the amount of creditable service you lost when you received your refund.

Before you are eligible to pay for this service, you must be rehired and contribute to LGERS for five years or have a combination of five years of current membership service in CJRS, LRS, TSERS or LGERS.
Section 6: Adding to Your Creditable Service

Your cost, which must be paid in a lump sum, will be equal to the amount of contributions withdrawn plus interest at 6.5 percent compounded annually from the year of withdrawal to the year of repayment. In addition, you will pay a $25 administrative fee.

- Purchasing Other Withdrawn Service

If you ever received a refund of your contributions from CJRS, LRS or TSERS, you may be eligible to make a lump-sum payment to purchase the amount of withdrawn creditable service in the system from which it was withdrawn.

Before you are eligible to pay for this service, you must have five years of current membership service in LGERS or in CJRS, LRS or TSERS, or have a combination of five years of membership service in any of these systems. This type of purchased service may be used to determine your eligibility for benefits in LGERS. However, only your creditable service in LGERS will be used in computing the amount of your LGERS benefit. Creditable service in any other system will be used to compute benefits from that system.

Eligible withdrawn service you purchase in LGERS or TSERS counts as creditable service, not membership service.

Your cost, which must be paid in a lump sum, will be calculated using the withdrawn service purchase provisions in the System from which you are purchasing the service credit.

- Other Types of Service Purchases

In addition to withdrawn service and military service purchases, you may be eligible to purchase credit for the following types of service:

- Out-of-State Service
- Temporary Local and State Service
- Educational Leave
- Local Probationary or Waiting Period Service
- Workers’ Compensation Leave
- Part-Time Local and State Service
- Other Service with a Local Government
- Service with the Federal Government
- Federally-funded Public Community Service in North Carolina
- Omitted Service

For detailed information about the eligibility requirements for purchasing creditable service, please see the applicable purchase form found in the forms section of ORBIT.

- Rollovers to Purchase Retirement Credit

We will accept pre-tax money from an eligible retirement plan or an eligible IRA via rollover or in-service, plan-to-plan transfer to purchase creditable service. For more information and instructions, see Form 398 (Using a Distribution of Tax-Sheltered Savings to Purchase Retirement Credit), available in ORBIT.
Section 7: Death Benefits

Active Employee Death Benefits

Although LGERS’ primary purpose is to provide retirement income, we recognize that some employees will not live to enjoy their retirement benefits. For that reason, LGERS protects your beneficiary(ies) should you die before retiring with the death benefits described below.

- **Return of Contributions**

  After your death, your beneficiary will receive a return of your contributions plus interest at 4 percent compounded annually on your prior-year ending balance, through your date of death. This is a lump-sum payment. If you meet certain eligibility requirements, a monthly Survivor’s Alternate Benefit may be paid to your beneficiary instead of a return of contributions if you have only one eligible beneficiary living at the time of your death.

- **Survivor’s Alternate Benefit**

  Provided you have not retired, the monthly Survivor’s Alternate Benefit may be payable if you have only one eligible beneficiary for the return of your contributions living at the time of your death and you die while in active service or within 180 days of your last day of service after meeting one of the following conditions:

  - You complete 20 years of creditable service (not including credit for unused sick leave) regardless of age.
  - You reach age 60 with five years of creditable service.
  - You complete 15 years of creditable service as a firefighter or rescue squad worker if killed in the line of duty.

  If you do not meet one of these two conditions, your beneficiary(ies) will be able to receive only a return of your contributions.

  The Survivor’s Alternate Benefit does not apply if you have two or more eligible principal beneficiaries for the return of contributions living at the time of your death, if your estate or living trust is your eligible beneficiary at the time of your death, or if you have retired.

  This lifetime monthly benefit equals the amount you would have been entitled to receive under Option 2 had you survived and retired on the first of the month following your death.

- **Lump-Sum Death Benefit for Active Employees**

  If your employer elected this coverage, and you die while still in active service after one year as a contributing member, your beneficiary will receive a lump-sum payment equal to your highest salary for 12 consecutive months during the 24 months before you die. The lump-sum payment will be at least $25,000...
but no more than $50,000 and is also paid if you die within 180 days of your last day of service, provided you have not withdrawn your contributions. The death benefit is in addition to any other benefits to which your beneficiary(ies) may be entitled. For this death benefit, you may name the same or a different beneficiary(ies) than the one(s) you named to receive the return of contributions.

If you are a firefighter, rescue squad worker or local law enforcement officer killed in the line of duty, your beneficiary also may be entitled to a $50,000 line-of-duty death benefit. This lump sum benefit is administered jointly by the North Carolina Industrial Commission and the Department of State Treasurer.

Retiree Death Benefits

If your employer elected the lump-sum death benefit for active employees described above, and you die within 180 days of your last day of service, and meet all eligibility requirements, this benefit will be payable. Other retiree death benefits may also be payable as described below.

- **Guaranteed Refund**

You are automatically eligible for the Guaranteed Refund when you choose a payment option. Under the Guaranteed Refund provision, if you and your monthly survivor beneficiary (if any) both die before the total of all monthly payments equals the amount of your contributions and interest, the balance of your contributions and interest will be paid in one lump sum to another beneficiary(ies).

The Guaranteed Refund also covers any purchases you made for additional creditable service after retirement. You may name one or more beneficiaries for the Guaranteed Refund, and you may change your beneficiary selection(s) as often as you like. However, the beneficiary you choose for the Guaranteed Refund cannot be the same as your monthly survivor beneficiary.

- **Optional $10,000 Contributory Death Benefit**

When you retire, we will mail you a Form 333 (Choosing the Contributory Death Benefit for Retired Members). To enroll, you must make your election within 60 days of the effective date of your retirement. If you enrolled in the optional $10,000 Contributory Death Benefit for Retired Members and your death occurs on or after the first day of the month following the 24th month of coverage, a lump-sum payment of $10,000 will be paid to your designated beneficiary(ies). If no beneficiary has been designated, the benefit will be paid to your spouse, or legal representative if you are not survived by a spouse. If your death occurs before the first day of the month following the 24th month of coverage, the amount payable will be equal to your premiums plus interest.

- **Continuation of Monthly Benefits under Survivor Options**

When you choose your payment option, if you choose one of the survivor options (Options 2, 3, 6-2 and 6-3), your survivor beneficiary will receive a monthly lifetime benefit after your death.

**NOTE:** During the month a retiree or beneficiary dies, the legal representative of the deceased retiree or beneficiary is entitled to a full check for the month the death occurred. It is a Class 1 Misdemeanor for a person to fraudulently receive the retirement benefit of a deceased retiree or beneficiary after the recipient’s death.
Section 8: Initiating Your Retirement Benefits

Retirement Application Process

Once you decide to retire and meet the eligibility requirements for monthly benefits, you must follow certain steps to begin your retirement process.

To be legally retired, you must end your employment, live until your effective date of retirement and generally not perform any work for an LGERS employer at any time during the month of your effective date of retirement.

Generally, if you die before your effective retirement date, your beneficiary is ineligible for a monthly retirement allowance, based on your retirement account, except as provided under the Survivor’s Alternate Benefit.

Retirement Application Process

Before you begin the retirement process, we encourage you to discuss your retirement plans with your family and your employer’s benefits coordinator.

About 120 to 90 days before your planned retirement date, complete Form 6 (Claiming Your Monthly Retirement Benefit), available from your employer or in ORBIT. The form has additional detailed information about the retirement process.

If you contribute to LGERS during the six months before your effective date of retirement (or you are currently out of service, but your last day of service with your last participating LGERS employer is within 365 days before your effective date of retirement, and you had unused sick leave), your employer should complete the employer certification section (Section H) on your Form 6 before the form is sent to us.

If you want an estimate of your benefit under Option 4, you must also send us an estimate from the Social Security Administration (SSA) of your age 62 Social Security benefit. Request this estimate from SSA within two years before your effective retirement date.

Monthly retirement benefits are effective the first day of any month. You must sign, date and file your retirement application (Form 6) at least one day and not more than 120 days before your effective date of retirement.

Once we receive your Form 6, we will send you an acknowledgment letter that includes instructions on your next steps in the retirement process. We will also send you:

- Form 170 (Authorizing Direct Deposit)
- Form 290 (Choosing Income Tax Withholding Preferences)
- Form 333 (Choosing the Contributory Death Benefit for Retired Members), which includes information about the cost and coverage provisions of the optional $10,000 Contributory Death Benefit for Retired Members. To enroll, you must make your election within 60 days of the effective date of your retirement.
Section 8: Initiating Your Retirement Benefits

Later, we will send you an estimate of the maximum allowance and the other payment options, if applicable. Along with the estimate, you will receive:

- Form 6E (Choosing Your Retirement Payment Option)
- Form 333BEN (Designating Beneficiary(ies) for the Contributory Death Benefit for Retired Members)

Your First Monthly Benefit

Your first monthly retirement benefit will be mailed to you. Thereafter, we will direct deposit your monthly benefit into your bank account on the 25th day of each month. In December, your benefit will be deposited on the 20th. If the pay date falls on a Saturday, Sunday or holiday, your deposit will be made on the last work day before the pay date. Direct deposit is fast, automatic and free.

The Retirement Systems Division calculates your monthly benefit amount based on all information available prior to your retirement date. Frequently, information available only after the retirement date, such as final salary reports from your employer, impacts the amount of the benefit. While the division makes every effort to provide the most accurate benefit amount at the beginning of your retirement period, it is required by law to adjust the benefit amount when additional information is received.

Overpayments happen for a variety of reasons, one of which is that the Retirement Systems pays you a benefit based on an estimate. See page 31 for more information about overpayments.

Optional Supplemental Insurance

Optional supplemental insurance coverage is available to retirees and benefit recipients through Pierce Insurance Agency. Pierce will mail information to you after your first retirement benefit has been issued.

Post-Retirement Increases

Post-retirement increases are not guaranteed. However, your benefit may be increased periodically after retirement to help you keep up with the cost of living. Increases depend on changes in the Consumer Price Index and the availability of funds.

Cost-of-living increases are usually figured as a percentage increase in your monthly benefit, which becomes a permanent part of your monthly benefit, under all payment options, and the monthly benefit to be paid to your beneficiary after your death under Options 2, 3, 6-2, and 6-3. (See page 16 regarding increases under Option 4.)

For more information about Cost of Living Adjustments (COLAs) and how they are calculated and approved, visit www.myncretirement.com.
Section 9: NC 401(k) and NC 457

Are you starting to think about how to generate retirement income from your NC Total Retirement Plans 401(k) and 457 Plans supplement savings? Your account savings can help in many ways.

- Get the big picture. Learn more about your retirement resources and benefits by viewing your myNCRetirement Statement in ORBIT (formerly known as Annual Benefits Statement).

- Consider making a one-time contribution to the plan(s). You can contribute additional compensation or payouts on a one-time basis, such as longevity, vacation and/or bonus leave payments. For more information, refer to our One-time Contribution Flyer found on NCPlans.prudential.com.

- Roll over money into your plan account from another qualified retirement plan. As long as you have a balance in the plan(s), you can roll money into your NC 401(k) and/or NC 457 Plan account. To learn more, check out our Rollover Brochure at NCPlans.prudential.com. Consider these advantages:

<table>

**Be careful!** Others may encourage you to roll your balance out, but if you do, you will likely pay much higher fees and lose the high-quality features and strong oversight of the Supplemental Retirement Plan Board of Trustees.

- Meet for personal, confidential help. Find your NC Total Retirement Plans retirement education counselor by calling 1-866-NCPlans or visit NCPlans.prudential.com.

- Consider the Transfer Benefit, also known as NC Lifetime Income. This allows you to make a one-time transfer of any portion of your eligible contributions, not including Roth contributions and earnings, from your NC 401(k) and/or NC 457 Plan to LGERS and receive the balance as monthly income. There are many factors you should consider before taking advantage of this option – This benefit may not be for everyone. Visit the Transfer Benefit Estimator in ORBIT and www.NCLifetimeIncome.org for more information. There is a one-time fee of $100 for this option.
Section 10: Income Tax

Beginning July 1, 1982, if your employer adopted a resolution to have your contribution made as a before-tax basis, your contributions have been tax-deferred. This means your contributions are deducted from your pay before taxes are calculated, and you pay taxes on them when you begin receiving monthly retirement benefits or if you elect a refund of your contributions. The following is a brief outline of current tax laws as they apply to LGERS benefits. However, because tax laws often change, we recommend you consult your tax advisor for more details.

Retirement and Disability Retirement Benefits

After you retire, each year by January 31 we will send you a Form 1099-R, which is similar to Form W-2 (Statement of Income and Tax Withheld), which you received annually while you were employed. The 1099-R shows the amount of your retirement benefits, the taxable portion (if any) of those benefits, the amount of tax withheld (if any), and other related information. We also send copies to the Internal Revenue Service and the North Carolina Department of Revenue. Therefore, you should report your retirement benefits on your federal and North Carolina tax returns regardless of whether you owe any income tax.

- **Federal Income Tax**

  Part of your retirement benefit may not be subject to federal income tax because the tax was withheld while you were working. Included in the non-taxable part of your retirement benefits are contributions you made before the date your employer adopted a tax sheltering resolution (if they have done so), and any non-rollover service purchases you made.

- **North Carolina Income Tax**

  If you are a North Carolina resident and have maintained five or more years of retirement service credit as of August 12, 1989, your LGERS retirement benefit is not subject to North Carolina income tax. If you do not have five years of maintained retirement service credit as of August 12, 1989, the taxable portion of your retirement benefit is subject to North Carolina income tax.

  If you are not a resident of North Carolina, you may not owe North Carolina income tax on your LGERS retirement benefit. However, you may owe state income tax in the state where you live. Contact your tax advisor, the North Carolina Department of Revenue or the Department of Revenue in your resident state for information relative to your situation. NC Retirement Systems can withhold only North Carolina income tax. We cannot withhold any other state’s income tax from your monthly benefit.

**Guaranteed Refunds and Return of Contributions**

By January 31 of the year after the year you received a refund, we will send you a Form 1099-R showing the amount of your refund, the taxable portion, the amount of tax withheld (if any), and other related information. We will also send copies to the Internal Revenue Service and North Carolina Department of Revenue.
Section 10: Income Tax

- **Federal Income Tax**

  You pay no federal income tax on after-tax purchases of service or on the amount you contributed before the date your employer adopted a tax sheltering resolution (if they have done so). However, the amount you contribute after the date your employer adopted a tax sheltering resolution (if they have done so), is subject to federal income tax. Also, all interest your contributions have earned is subject to federal income tax.

  Federal income tax laws require withholding from the taxable portion of your refund unless that portion of your refund is directly rolled over to an eligible IRA or eligible employer retirement plan that will accept your rollover. If you do not roll over the taxable portion of your refund directly to an eligible IRA or eligible employer plan that will accept your rollover, we will withhold 20 percent of the taxable portion of your refund for federal income tax purposes. Withholding is mandatory unless the taxable portion of your refund is directly rolled over.

  In addition to income tax, you may owe a 10 percent excise tax on the taxable portion of a refund received before your death, disability, or reaching age 59½. You can defer the income tax and avoid the 10 percent excise tax by rolling over the taxable portion of your refund to an eligible IRA or eligible employer plan. Consult the Internal Revenue Service, your attorney or your accountant for information relative to your situation.

- **North Carolina Income Tax**

  If you are a North Carolina resident and have maintained five or more years of retirement service credit as of August 12, 1989, your refund of LGERS contributions is not subject to North Carolina income tax. If you do not have five years of maintained retirement service credit as of August 12, 1989, the taxable portion of your refund is subject to having four percent withheld for North Carolina income tax.

**Active Death Benefits and Contributory Death Benefits**

Generally, your beneficiary pays no income tax on the lump-sum death benefit for active employees or the $10,000 Contributory Death Benefit for Retirees, which are treated as life insurance benefits for tax purposes.
Section 11: Returning to Work After Retirement

If you work in any capacity for an employer under LGERS after you have officially retired and are receiving monthly benefits, you will be subject to the return-to-work provisions described below. These provisions may limit your earnings or require you to re-enroll as a contributing member of LGERS.

You will be subject to return-to-work provisions based on the nature of the particular work you perform for a LGERS employer, regardless of your job classification or your technical employment status (which may include being assigned to work for a LGERS employer by a private company such as a temporary staffing agency).

One-Month Break in Service Required

You must perform no work for a participating LGERS employer, including part-time, temporary, substitute, or contract work at any time during the same month immediately following the effective first day of retirement. If you return to work before the required one-month break, then you will be required to pay an amount that is calculated based on one of the following conditions:

- You will be deemed to have retired the month after the month you performed services for the employer and repay all retirement benefits received until that date (the new retirement date must be after you have satisfied a one-month break in service); or
- You will be required to make a lump sum payment to LGERS equal to three times the compensation earned during the month immediately following the effective date of your retirement.

You will be required to pay the lesser of these two amounts as determined by the retirement system. If you return to active LGERS membership during the month of your effective date of retirement, your LGERS benefit will be cancelled retroactively to your retirement date, and you will be required to repay all retirement benefits received since your retirement date.

Working After a One-Month Break With a LGERS Membership

After the required one-month break, you may return to work in a position that requires membership in LGERS. Your retirement benefit will be suspended on the first day of the month following the month of your reemployment, and you will again become a contributing LGERS member in the month in which you are restored to membership service.

If you return to service and contribute to LGERS for at least three additional years, at the time you end your second period of employment, you can choose one of the following options for your benefit:
Section 11: Returning to Work After Retirement

After a one-month break, if you return to work with an LGERS employer in a position that is not eligible for LGERS membership, your earnings will be restricted to the greater of the following:

- $32,940 (2018 amount)
- 50 percent of your gross 12-month pre-retirement salary (excluding termination payments)

The dollar figure is adjusted annually according to the Consumer Price Index. These earnings restrictions apply for the 12 months immediately following your retirement and for each calendar year following the year of retirement.

1,000 Hour Rule After the One-Month Break

After a one-month break, if you are regularly employed as an employee of a LGERS employer in a regular position that requires at least 1,000 hours of work in a calendar year,

- You are required to be a contributing member of LGERS, and your monthly retirement benefit will be suspended
- You will not be a contributing member of LGERS if your work is considered “temporary employment,” meaning employment for a limited term which does not exceed 12 consecutive months on a non-recurring basis for an LGERS employer or “statutorily required interim employment,” meaning employment as an interim city or county manager for a period that does not exceed 12 months on a non-recurring basis.

You may be assessed an overpayment if you are not in compliance with the guidelines above.

• You can combine your service from your first and second periods of employment to create one (generally larger) monthly retirement benefit. You can change the retirement payment plan and/or beneficiary you selected at the time of your original retirement. If you selected Option 4 for first your retirement, we must actuarially adjust benefits when you retire again.
• You can re-instate your first retirement account and withdraw your contributions only from your second account.

If you return to service and contribute to LGERS for fewer than three additional years, at the time you end your second period of employment, your first retirement benefit will be re-instated. You can choose one of the following options for your second retirement account:

- You can apply to receive a second (generally smaller) monthly benefit based on your second period of employment.
- You can withdraw your contributions from your second account.
- You can leave your second account open.
**Section 11: Returning to Work After Retirement**

**Exceeding Your Earnings Limitations**

If you exceed your earnings limitations, your retirement benefit will be suspended on the first day of the month following the month in which you exceeded the limit for the remainder of the calendar year. Your retirement payment will start again on January 1 of the year after your benefit is suspended. If your earnings exceed the allowable amount in the month of December, your benefit will not be suspended.

**Overpayments**

An overpayment of benefits means you are receiving a larger benefit than you are entitled to receive. Statutory provisions required us to recover overpayments. This includes, but is not limited to, the following methods of recovery:

- Deductions from a monthly benefit
- Monthly payment remittal
- Lump-sum payments
- Intercept tax refunds from the North Carolina Department of Revenue and North Carolina Education Lottery winnings
- Deductions from an active payroll check *(if applicable)*

**After Receiving Disability**

If you are in receipt of a monthly disability retirement allowance from LGERS and accept public or private employment, you may earn on an annual basis, up to the difference between your highest consecutive 12 months of salary in the 48 months preceding your disability retirement date and the amount of your annual disability retirement benefits, without affecting your disability retirement benefit. If you earn more than this amount, your disability retirement benefit will be reduced dollar-for-dollar by the amount of your excess earnings. The amount you are allowed to earn is adjusted each January by any increase in the annual national Consumer Price Index.

For additional information, please see the Disability section on our website at [www.MyNCRetirement.com](http://www.MyNCRetirement.com).
You become eligible to apply for disability retirement benefits after five years of creditable service if you become totally and permanently disabled for your job, as approved by the Medical Review Board. If you are a firefighter or rescue squad worker who becomes disabled as a result of a “line-of-duty injury,” you are eligible to apply for disability retirement regardless of the amount of your creditable service. You may also be eligible for State Health Plan coverage. You must contact your local employer to verify coverage eligibility.

Your disability benefit under the Maximum Allowance is calculated using the same formula as a service retirement benefit and you may choose any payment option except Option 4. See pages 15-18 for descriptions of retirement payment options. If you choose a survivorship option, it will be calculated using disability reduction percentages.

Your average final compensation is calculated as of your disability retirement date, but creditable service is counted as though you continue working to the earliest date you would have qualified for an unreduced service retirement allowance, whether it be age 65, or with 30 years of service, or age 60 with 25 years of service.

If you die after you have filed an application for disability retirement but before its effective date, and you have otherwise met all requirements for disability retirement benefits, your beneficiary may elect to receive a monthly retirement allowance provided by Option 2, instead of a return of your retirement contributions and interest, provided you have only one eligible beneficiary for the return of contributions living at the time of your death.
Section 13: Administration and Funding

- Administration

LGERS is administered by the Board of Trustees, whose members are:

State Treasurer Dale R. Folwell, CPA, Chair
   Lentz Brewer
   David Dear
   Vernon Gammon
   Kevin Gordon
   Brenda Howerton
   Mark Johnson
   Greg Patterson
   Sally Sandy
   Carson H. Smith, Jr.
   Mark Stohlman
   Ashley Wooten

- Assets

The State Treasurer is the custodian of LGERS assets and serves as the Chief Investment Officer.

Equity assets (e.g., common stock, preferred stock, and debentures convertible into common stock) are invested in conjunction with policies adopted by the Investment Advisory Committee. Committee members are:

State Treasurer Dale R. Folwell, CPA, Chair
   John Aneralla
   Lentz Brewer
   David Hartzell
   Steve Jones
   Michael Mebane
   Greg Patterson

- Disability Determination

The Medical Review Board determines eligibility for disability benefits. Board members are:

Dr. Robert H. Fleming
Dr. Robert Gaddy
Dr. Stephen N. Lang
Dr. Bobby Sellers
Dr. Nathaniel L. Sparrow
Section 13: Administration and Funding

- **Future of the System**
  
The state expects to continue the Local Governmental Employees' Retirement System indefinitely; however, because future conditions are unforeseeable, the North Carolina General Assembly reserves the right to modify the provisions of the system.

- **System Documents**
  
  This handbook summarizes the main features of the Local Governmental Employees' Retirement System of North Carolina. The official text governing the operations of the system and the payment of all benefits is found in [Chapter 128 of the General Statutes](#) and [Title 20 of the North Carolina Administrative Code](#).

- **Contributions**
  
  Members currently contribute 6 percent of gross salary each month to LGERS.

  Employers contribute an actuarially-determined percentage of the gross payroll of members each month to LGERS for benefits.

- **Funded Status & Ratio**
  
  The Local Governmental Employees' Retirement System has received several awards and recognitions for being a well-funded pension system. S&P Global named the NC Total Retirement Plans as one of the Top 5 Best Funded in the country in 2017. We continue to be labeled as “actuarially sound” because of the consistent use over the years of:

  - Actuarial assumptions based on experience
  - An approved actuarial funding method
  - The recognition of all promised benefits in the actuarial liabilities

  A generally accepted measure of the soundness of any retirement system is to relate the total assets to the total accrued liabilities. This determines the funded ratio or percentage of the system. The total of the accrued liabilities is found by adding the total assets and the unfunded accrued liabilities. The following page shows the assets and unfunded liabilities for the past several years, as of December 31 of each year and the funded ratio of the Local Governmental Employees’ Retirement System (the percentage of the assets to the total accrued liabilities).
## Accrued Liabilities

Section 14: Resources and Contacts

The North Carolina Department of State Treasurer created ORBIT to allow members convenient access to their retirement account information 24 hours a day, seven days a week. This secure site enables you to view your personal information, account information and other relevant details specific to your retirement system account.

In ORBIT, active employees are able to view:

- Contribution history
- Service credit history
- Retirement estimates
- Designated beneficiaries
- Service purchase cost estimates
- NC 401(k)/NC 457 Plan Transfer Benefit estimates
- Annual Benefit Statements (now known as myNCRetirement Statements)

Retirees are able to:

- Maintain direct deposit
- Maintain tax withholdings
- View and download 1099-R tax forms
- Generate income verification letters
- Update their contact information

To access ORBIT, go to our website at www.MyNCRetirement.com, click on the ORBIT icon and follow the instructions to log in to your personal ORBIT account.

1. Register for ORBIT via the Register button on the login page
2. Follow the prompts for registration
3. Access ORBIT using the User ID and Password that you created
Section 14: Resources and Contacts

Web-Based Resources

Section 15: Glossary of Terms

**Actuary:** A business professional with expertise in the fields of economics, statistics and mathematics who compiles and analyzes statistics in order to calculate financial risks and reserves.

**Average final compensation:** The average of your salary during your four highest-paid years in a row.

**CJRS:** Consolidated Judicial Retirement System

**Consumer Price Index:** A national measure of increase in the cost-of-living from one year to the next.

**Creditable service:** The total of all service credit that counts toward retirement.

**LGERS:** Local Governmental Employees’ Retirement System

**LRS:** Legislative Retirement System

**Membership service:** Service you earned while an active employee contributing to LGERS that has not been withdrawn.

**ORBIT:** The secure website for maintaining your retirement account

**Overpayment:** Payment to a benefit recipient in excess of what the benefit recipient is entitled to receive

**Statutorily-required interim employment:** Employment as an interim city or county manager for a period that does not exceed 12 months on a non-recurring basis.

**Temporary employment:** Employment for a limited term which does not exceed 12 consecutive months on a non-recurring basis for an LGERS employer.

**TSERS:** Teachers’ and State Employees’ Retirement System

**Vesting:** Having the right, after you have a minimum of five years of LGERS creditable service, to apply for lifetime monthly retirement benefits once you meet all retirement eligibility requirements, provided you do not withdraw your contributions.
