The auditor should not consider the Supplement to be “safe harbor” for identifying audit procedures to apply in a particular engagement, but the auditor should be prepared to justify departures from the suggested procedures. The auditor can consider the supplement a “safe harbor” for identification of compliance requirements to be tested if the auditor performs reasonable procedures to ensure that the requirements in the Supplement are current. The grantor agency may elect to review audit working papers to determine that audit tests are adequate.

I. PROGRAM OBJECTIVES

The objective of Part A of Title I of Elementary and Secondary Education Act (ESEA) of 1965, as amended by the No Child Left Behind (NCLB), is to provide funds through State Education Agencies (SEAs), North Carolina Department of Public Instruction (DPI), to Local Education Agencies (LEAs) and Charter Schools to meet the special educational
needs of educationally disadvantaged children in school attendance areas with high concentrations of children from low-income families. The objective is to enable schools to provide opportunities for children served to acquire the knowledge and skills contained in the challenging State content standards and to meet the challenging State Performance standards developed for all children.

II. PROGRAM PROCEDURES

Funds are provided to DPI for allocation to LEAs and Charter Schools based on a statutory formula. These funds are allocated to each LEA and Charter School for distribution to eligible school attendance areas/schools, in rank order, based on the total number of children from low-income families. Funds are granted to LEAs and Charter Schools that have currently approved plans/project applications on file with DPI. The plan describes how the LEA or Charter School will enable participating schools to substantially help children served meet the standards expected of all children. Funds are then, distributed to eligible school attendance areas/schools that have currently approved school plans on file with the LEA or Charter School that describe how the schools will provide children served the opportunity to meet the standards expected of all children.

Funds are distributed according to the cash request procedures discussed in the DPI Cross-Cutting Requirements, DPI-0.

III. COMPLIANCE REQUIREMENTS

The NC Department of Public Instruction (DPI) mandates that all testing in the DPI Cross-Cutting Requirements, DPI-0, be performed by the local auditor.

Other procedures that pertain to this program can be found in the US Department of Education Cross-Cutting requirements and the OMB Circular A-133 Compliance Supplement, Section A.

In addition to the Federal requirements, each SEA has the authority, in accordance with State law, to issue rules consistent with Federal statutes and regulations. These rules should be reviewed before beginning the audit.

A. Activities Allowed or Unallowed

Compliance Requirement – Funds may be used by a LEA, Charter School or other operating agency only in accordance with the approved State plan and only for those services or activities in its project application. Expenditures must be reported to the SEA each month.

Audit Objective – To determine that expenditures are allowable and are properly recorded.

Suggested Audit Procedure - Obtain a copy of the Budget Balance Reconciliation Report (305/705) from the finance officer and compare to local accounting records for
appropriateness. Test expenditure and related records to determine if expenditures were made only for those services or activities in the project application.

Examine expenditures for appropriate approval and documentation.

Obtain a copy of the project plan and review expenditures to determine that expenditures are in accordance with the project plan.

Determine that personnel paid from these funds do not exceed budgeted personnel in approved program budget.

B. Allowable Costs/Costs Principles

Addressed in the NC Department of Public Instruction Cross-cutting Requirements.

C. Cash Management

Addressed in the NC Department of Public Instruction Cross-cutting Requirements.

E. Eligibility

**Compliance Requirement** - In a targeted assistance school, an LEA/Charter School must use funds only for children identified by the school as failing, or most at risk of failing to meet the State’s challenging student performance standards. In school-wide project schools, an LEA/Charter School may use Title I funds, in combination with other Federal, State, and local funds to upgrade the entire education program. An LEA/Charter School must conduct Title I programs in school attendance areas having high concentrations of children from low-income families. If funds are insufficient to provide programs in all eligible areas, the LEA/Charter School must annually rank and serve, without regard to grade span, eligible school attendance areas in which the concentration of children from low-income families exceeds 75 percent from highest to lowest according to the percentage of children from low-income families. If funds remain after serving all eligible school attendance areas at or above 75 percent low-income, the LEA/Charter School shall annually rank and serve the remaining school attendance areas from the highest to lowest either by grade span or for the entire LEA/Charter School according to the percentage of children from low-income families.

**Audit Objective** – To determine that funds are used only for the education of eligible children.

**Suggested Audit Procedure** - Identify the source of the information used to determine the percentage of students from low-income families and consider its reliability.

**Eligibility for Subrecipients** – The Department of Public Instruction program consultant determines if the eligibility requirements are met when the project is approved.

3. Earmarking

Addressed in the US Department of Education Cross-Cutting Section.

Compliance Requirement - A school unit may spend no more than 12% of its yearly allotment for administration and supervision of the Title I program (N. C. State Board of Education Policy)

Audit Objective – To determine that the subrecipient did not spend more than 12% of its funds for administration and supervision.

Suggested Audit Procedure - Ascertain the amount of Title I expenditures. Review expenditure records and supporting documentation for administrative costs. Ascertain that the administrative cost is within the 12% requirement following the outlined formula.

Determine the Allotment amount for the current fiscal year. (Do not include carryover)

Example:
FY 2010-11
Allotment $600,000.00

Calculate the Allowable Amount of Administration by multiplying the Allotment
amount by the current year's percentage limitation.  FY 2010-11 (12%)  
Example:  
$600,000 x 12% = $72,000.00

Total Administration 53,752.00

Compare the Allowable amount of Administration to the total Administrative Cost.  
When the total administration expenditures are less than the allowable amount of administration you are in compliance with the Administrative Policy.

Example:  
$72,000.00 - 53,752.00 = $18,248.00

The remaining $18,248.00 can be carried over at June 30 and added to the allowable amount of Administrative cost for use in the next fiscal year, if sufficient carryover exists.
