The Auditor should not consider the Supplement to be “safe harbor” for identifying audit procedures to apply in a particular engagement, but the Auditor should be prepared to justify departures from the suggested procedures. The Auditor can consider the Supplement a “safe harbor” for identification of compliance requirements to be tested if the Auditor performs reasonable procedures to ensure that the requirements in the Supplement are current. The grantor agency may elect to review audit working papers to determine that audit tests are adequate.

II. PROGRAM PROCEDURES

The U. S. Department of Health and Human Services provides an annual award of funds to states that submit a State Plan every five years and that meet the eligibility criteria specified in CAPTA. The State Plan specifies the area(s) of the state child welfare system to be improved and indicates how the funds will be used to make improvements. CAPTA requirements are outlined in the comprehensive Child and Family Services Plan (CFSP) under title IV-B of the Social Security Act. This outline helps states to plan comprehensively for the full array of child welfare services, from prevention and protection through permanency.

Funds are allocated to states based on a formula related to the total number of children in the State. This grant award has no matching requirement from the states.

North Carolina uses its grant award to fund several programs through contractual agreements. Contracts are awarded on an annual basis. Activities of each contracted provider must comply with the goals and activities that are specified in the contract. The State utilizes the N. C. DHHS Office of Procurement and Contract Services (OPCS) policies and procedures to award contracts to subrecipients. This information is available at: http://www.pandc.nc.gov/documents/Procurement_Manual_5_8_2013_interactive.pdf Federal and State reporting requirements are communicated to subrecipients in the contract. Subrecipients are reimbursed through submission of the DSS-1571 part III Administrative Costs Report to the N. C. DHHS Controller’s Office.

Contracted providers are monitored in accordance with the North Carolina Division of Social Services (NCDSS) Monitoring Plan, found at: http://www2.ncdhhs.gov/dss/Monitoring/index.htm.
