The auditor should not consider the Supplement to be “safe harbor” for identifying audit procedures to apply in a particular engagement, but the auditor should be prepared to justify departures from the suggested procedures. The auditor can consider the supplement a “safe harbor” for identification of compliance requirements to be tested if the auditor performs reasonable procedures to ensure that the requirements in the Supplement are current. The grantor agency may elect to review audit working papers to determine that audit tests are adequate.

This compliance supplement should be used in conjunction with the OMB 2018 Compliance Supplement which will be issued in the summer. This includes “Part 3 - Compliance Requirements,” for the types that apply, “Part 6 - Internal Control,” and “Part 4 - Agency Program” requirements if the Agency issued guidance for a specific program. The OMB Compliance Supplement is Section A of the State Compliance Supplement.

I. PROGRAM OBJECTIVES

II. PROGRAM PROCEDURES

Eligibility - LEAs, Charter Schools or any public or private organization are eligible to apply for funding. Grants will be made based on a competitive process. The actual recipient to be funded will be selected on the basis of criteria specified in the Request for Proposal (RFP) and Federal regulations. State Board of Education approval is required before allocation of funds.

III. COMPLIANCE REQUIREMENTS

The NC Department of Public Instruction (DPI) mandates that all testing in the DPI Cross-Cutting Requirements are to be performed by the local auditor. Please refer to Cross-Cutting Requirements, in the audit compliance supplement.

Other procedures that pertain to this program can be found in the U.S. Department of Education Cross-Cutting Requirements and the Federal Compliance Supplement.

A. Activities Allowed or Unallowed

Compliance Requirement – Funds may be used by a LEA, Charter School, or other operating agency only in accordance with the approved State plan and only for those services or activities in its project application or approved amendments.

Audit Objective – The auditor is to determine that expenditures that have been made are allowable.

Suggested Audit Procedures:

- Obtain a copy of the Budget Balance Reconciliation Report (305/705) from the finance officer and compare to local accounting records for conformity.

- Obtain a copy of the project application from the local program coordinator and review expenditures to determine that expenditures are in accordance with the project application.

- Review salary expenditures to determine that personnel paid from these funds do not exceed budgeted personnel in approved program budget. Funds cannot be used for any activity during the school day unless approved in writing by DPI.

- Review the Request for Proposal (RFP) to determine the number of students each center proposed to serve. Then look at the number of students each center serves.
If there is a difference, then determine any Questioned Cost. Example, RFP proposes 200 students but only serves 100. The funds received was based on 200 students, therefore the questioned cost would be half the grant.
